ILLINOIS BEAUTIES ALL and four from the Quad-Cities. Melanie Asadorian, 19, of Granite City, the first Miss Madison County Fair, far right, shown with her court following her coronation Thursday evening at the Madison County Fair Exposition Hall in Highland, Miss. Illinois County Fair Elaine Grossman of Ohio, Ill.,

second from right, officially crowned Miss Asadorian. From left are Tami Lynn Eck, 18, of Venice, third runnerup and Miss Congeniality winner; Anne Rowden, 17, of Granite City, second runnerup; and Pamela Jean Tester, 16, of Granite City, first runnerup. Nineteen girls from different areas in the county competed.

(Clapham-Kemp Photo)

Drought in area becoming serious

Lack of sufficient rain throughout the Quad-City area and Madison County has created drought conditions that are becoming more serious day by day.

Lawns are burning brown, lakes and farm ponds are drying up and garden areas too large to water by hose are withering into brittle, non-productive plants.

During the first 19 days of July, as of today, the Quad-City area has received only .34 of an inch of rain — .14 of an inch on July 3 and .20 of an inch on July 8.

During June the area had a total precipitation of only 1.12 inches, whereas the normal average for the month is 4.27 inches. Total rainfall so far this year is 9.45 inches against a normal fall of 19.67 for the period — a shortage of 10.22 inches.

There was no immediate rain in sight in today's weather forecast by the U.S. Weather Service, although a "chance" of thundershowers was predicted for Wednesday into Thursday.

More hot weather also is promised today and tomorrow, with temperatures in the 90s. Slight cooling is likely Wednesday, but "it still will be warm," the weather service said. Temperatures in the mid to upper 80s are expected Wednesday and Thursday.

The arm of Horseshoe Lake extending along Bend Road to Route 203 South of Madison, a

few driblets of rain through the metropolitan area last week were spotty and did little good in places where it was needed the most, according to farm experts.

Agricultural department officials say that corn crops in most of the midwest, including this region, are in peril and that unless they receive good

been done about cleaning up the offensive refuse. Also hard hit are the corn and soybean farmers, who, until now, expected bumper crops this year. Now, they say, dry weather already has damaged some corn crops and the longer the period without substantial rain the worse the damage will become.

4 Quad-City girls sweep honors at 1st Miss County Fair pageant

By VALERIE EVENDEN Press-Record Staff Writer

Four lovely Quad-City girls invaded Highland Thursday night and brought home every honor accorded in the Miss Madison County Fair Pageant, the first ever held in this county. Nineteen candidates competed in the contest.

Miss Melanie Asadorian, 19, daughter of Mr. and Mrs. Edward Asadorian, 2117 Grand Ave., was crowned Miss Madison County Fair of 1976, the most coveted prize in the pageant.

Miss Pamela Jean Tester, 16, daughter of Mr. and Mrs. Joel Tester, 4028 Vespi Ave., was chosen first runnerup. She is an A-average student at Granite City High School North, majoring in science and math, and is active in school-sponsored programs and youth work at Nameoki United Methodist Church.

Second runnerup was Miss Anne Rowden, 17, daughter of Mr. and Mrs. Albert W. Rowden, 2253 Dawn Ave., who graduated second in a class of 350 at North High School this year and is planning to enter

Eastern Illinois University, Charleston, in a pre-pharmacy course.

Miss Tami Lynn Eck, 18, daughter of Mrs. Margaret Eck, 1314 Robin St., Venice, was selected third runnerup. She was salutatorian of the 1976

graduating class at Venice High School and will begin her freshman year this fall at Southern Illinois University with a concentration in health services field.

Tami Lynn also was named Miss Congeniality, an honor

paid to the most admired and friendly contestant as determined by her fellow candidates.

A stunning brunette with dark brown eyes and a flashing smile, the first Miss Madison

Area One sewer bond, bidding resolutions due for board action

If the Madison County Board approves the release of specifications Wednesday for bidding on sanitary sewer construction in Nameoki and Chouteau townships (Area One), bids should be received in September with contracts awarded in October and construction beginning immediately thereafter.

At its regular meeting at 9:30 a.m. Wednesday, the Madison County Board will be requested to approve two resolutions—one authorizing the release of specifications and the receipt of construction bids, and the second authorizing the county bonding attorneys in Chicago to begin seeking bids for the sale of up to \$5 million in general obligation bonds.

The board also will be asked to hold any action on sanitary sewer plans for State Park Place (Area Two) and for the Eagle Park, Cloverleaf and

East Madison (Area Three), pending further consideration on financing plans.

While anti-sewer petition drives developed in each of the three areas, only Area Two (State Park Place) and Area Three (Eagle Park, Cloverleaf and East Madison) came close to obtaining the signatures of either 50 per cent of the registered voters or property owners in the districts.

Neither obtained the 51 per cent required by law to automatically stop the project,

but Area Two and Area Three obtained more than 50 per cent of the registered voters, only a few signatures short of 51 per cent.

Citing a recent California court decision that the signatures of more than 50 per cent of either the voters or

On and off the record How to describe a 'bunch of things'

By VALERIE EVENDEN Press-Record Staff Writer

Occasionally a reporter is forced to find another word or phrase to more adequately describe "a bunch of" something.

A bunch of grapes is permissible, but its usage to describe groups of things, particularly pairs or aggregations of animals, is a definite "no, no."

In researching an entirely different subject recently, the reporter found a small section of trivia hidden in an old almanac. The information proved interesting to co-workers, whose vocabularies may or may not improve with their new found knowledge.

Most people are familiar with an abundance of nouns used to describe groups of things, such

when completed. Brick masons are shown at work as the walls of the new station begin to rise.

(Press-Record Photo)

DRIED LAKE BED on the inlet of Horseshoe Lake bordering Route 203 near Bend Road south of Madison demonstrates the result of a prolonged drought in the Quad-City area. The lack of rain, combined with temperatures nearing 100 degrees last week, resulted in small shallow lakes drying up and the water level in other lakes dropping sharply.

Auto industry moved east

(58th of a Bicentennial year Press-Record series)

While Granite City is a major center for production of automobile frames—1977 frames for several auto already are being made here—Illinois is not the site of full-fledged car assembly lines.

Illinois—with its central location, capital, machine shops, skilled labor, steel mills and reputation as the railroad hub of the nation—might have become a manufacturing center for automobiles. The story does not turn out that way even though the beginning was promising.

Charles and Frank Duryea moved from Peoria, Ill., to Springfield, Mass., where they built the first American gasoline automobile in 1892-93.

Henry Ford examined it at the Columbian Exposition in 1893, and remembered it as the first automobile he ever saw. The American Motor League, the first automobile club in the world, was established in Chicago in November 1895.

In the same year the Chicago Times-Herald sponsored the first automobile race in the country.

Two vehicles engaged in a preliminary contest. One was a Mueller-Benz, driven by Oscar Mueller from Decatur.

The other was the Duryea

brothers' motor buggy, which among its innovations boasted a spray carburetor, electric ignition, controlled throttle, pneumatic tires, a live rear axle, and an engine running at right angles to the axle.

A drive chain snapped on the Duryea entry enroute, and later the car was forced off the road by a farm wagon.

The Mueller collected \$500 as the sole finisher of the exhibition run, covering 92 miles in just less than nine hours.

The main event occurred Thanksgiving Day, 1895.

Temperatures in the mid-30s and eight to 10 inches of snow

tested the endurance of the six vehicles and their drivers who started at Waukegan in a snowstorm.

The Sturgis Electric Motorcycle built in Chicago was an entrant but failed to finish owing to frequent battery charges.

The Duryea finished first, covering 54 miles in just less than 10½ hours, and collected \$2000 for best performance, speed and compactness of design, while the Mueller-Benz was cited for performance and economy of operation.

The Duryea brothers built 13 cars that winter in

H.L. Gray heads United Way in Madison, Venice

Henry L. Gray, supervisor in personnel services at Granite City Steel, will head the Madison-Venice Division of the 1976 United Way campaign.

The Madison-Venice Rotary Club conducts the drive in Madison and Venice. Gray, who is first vice-president of the Madison-Venice Rotary Club said that the entire membership participates in the campaign.

"Rotary feels we can make our quota. We will make an all-out drive to accomplish it before the end of the campaign," Gray said.

Gray is a member of Wilkerson Chapel AME Church and president of the church board of trustees. He is a member of Granite City Steel Management Club.

He and his wife Amelia live in Collinsville where Gray is on the Collinsville Library Board and the city of Collinsville

Board of Appeals. Mr. and Mrs. Gray are the parents of six children.

August trip to Grand Ole Opry

Reservations will be taken Tuesday for the Granite City Park District's annual summer trip to the Grand Ole Opry in Nashville, Tenn. The event is planned for Aug. 27 to Aug. 29. Side trips are planned in the Nashville area, and reservations already have been made for the 3 p.m. performance at the Grand Ole Opry on Saturday, Aug. 28.

Those taking part in the excursion will stay at the Drake Motel Best Western, with the cost to be determined by the number of occupants in each room.

Meals and side trips are in addition to the cost quoted above, Harold Brown, park district director, explained.

Further information may be obtained by calling the Wilson Park office, at 877-3059. Reservations will be accepted on a first-come, first-serve basis, Brown said.

Huber was elected as president of the seven-man board for the next biennium.

The resignation of Dr. Frank M. Loefer of Wood River was accepted which leaves a vacancy to be filled by appointment by the remaining board members. A resolution was adopted recognizing Dr. Loefer's service to the Board. Members of the board are: Karl L. Monroe of Collinsville, retiring president; G. A. Shaffer of Troy, Gerald Walton of Hartford, Gordon Burroughs of Edwardsville, Joseph Berry of Alton, Homer A. Huber of Granite City, incoming president.

According to law, the regular meeting dates for the 1976-77 year are: Monday, Oct. 4, 1976; Monday, Jan. 5, 1977; Monday, April 4, 1977. All meetings are held in the office of the Regional Superintendent of Schools, Courthouse Annex 201 Hillboro Ave., Edwardsville, at 6:30 p.m.

The trustees hold title to all school properties in the county and handle sales of school property at the request of the local school boards of education, as well as territory

detachment and annexation from one school district to another as petitioned by residents. Harold E. Briggs, Regional Superintendent of Schools, serves by law as ex officio secretary of the board. Briggs reported on the status of the Alton District No. 11 petition to withdraw from Region III Special Education Cooperative and on the sale of the property at Nelson School for Edwardsville District No. 7. Easements were granted for telephone lines for Collinsville District No. 10 and for sewer lines for Granite City District No. 9. Property was conveyed from the trustees to Collinsville District No. 10 for their use in vocational classes.

The trustees present denied their right to file mileage claims for the past school year which is the only remuneration the members are entitled to receive. The most any one member could claim was \$30.72 being based on number of meetings attended and distance traveled. The trustees of Madison County, since their organization by law in 1932,

have never made a claim which, over the years, is a considerable contribution financially as well as the time given by those who serve, it was noted.

The Way It Was -

July 19—British troops are reported landed on St. George's Island and setting up entrenchments there after having been driven recently from Glynns Island.

Mrs. Olga Karrer, 80, dies

Mrs. Olga (Will) Karrer, 80, a former long-time resident of Granite City, died at 4:35 p.m. Sunday at the Illinois Masonic Home in Sullivan, Ill.

Mrs. Karrer had resided in Alton for about 25 years before moving to the Illinois Masonic Home two years ago. Prior to that time she had resided in Granite City for most of her married life.

Her husband, Traugott

"Troy" Karrer, died in November 1974, and a son, Samuel, died in 1949.

Surviving are one sister, Mrs. Dorothy King of Alton; two granddaughters, four great-grandchildren and many nieces and nephews, several living in this area.

Funeral services will be held at 1 p.m. Tuesday, July 20, at the Illinois Masonic Home, with interment in the cemetery there.

Levee district commended

William "Mike" Ebersold, mayor of Venice and a trustee of the East Side Levee and Sanitary District, and Helen Christich, chief clerk of the levee district, were praised for their sound financial management of the district after the annual audit by the Bert H. Allison & Co., certified public accounting firm, was received by the levee board Thursday.

Levee Board President Jack Scoville said Ebersold, chairman of the district's finance committee, and Mrs. Christich of Granite City deserve most of the praise for their handling of the finances and investments of the district during the past year.

He noted the audit showed expenditures in the district decreased nearly \$420,000 in the 1975 calendar year over the previous year, while income increased about \$250,000.

A disaster fund reimbursement from the federal government and the receipt of an insurance settlement for damage to the district's property in a 1972 tank car explosion at the Alton and Southern Railway Co. yards in East St. Louis aided in bringing the income in line with ex-

penses during the year, it was noted.

Previous audit reports have sharply criticized the district for poor administration of funds, but for the last two years, the auditors have been reporting improving financial conditions and fewer irregularities.

Scoville predicted that by 1978, the district should be in a sound enough condition that it will not have to issue tax anticipation warrants each year to provide enough funds to continue operations.

This year's audit report contained only four recommendations dealing with tighter control over inventory, insurance policies and expense allowances.

Boy, 9, drowns in pond

Billy Ray Wilson, 9-year-old son of Mr. and Mrs. Arthur (Anna Lee) Wilson, 2602 N. 17th St., East St. Louis, was pronounced dead at 8 p.m. Friday upon arrival at Barnes Hospital, St. Louis, after he apparently drowned in a fishing pond near his home.

The child lived with his parents near Route 40 (Collinsville Road) and the city limits of Fairmont City. He attended Rose Lake Grade School in Fairmont City.

Details of the mishap in which Billy Ray lost his life are sketchy. His mother and 5-year-old brother were home at the time.

Billy Ray was born in St. Louis and had lived in the

Fairmont City area for about eight years.

He is survived by his parents and brother, Junior.

Funeral arrangements are given in today's obituary column.

STEAL TELEVISION
A 13-inch color television set was stolen from the home of Charles Matthews, 307 (rear) Weaver St., Venice. It was reported at 12:40 a.m. Saturday.

ENTER PARKED TRUCK
A citizen's band radio, valued at \$189, was stolen from the parked truck of Gary Tipton, 2203 Dewey Ave., he reported at 11 p.m. Saturday.

News notes

A circuit court proceeding challenging the legality of property assessment changes made this year by Madison County review board officials has been dismissed on all counts. It was the third time a suit brought by rural county taxpayers in an effort to nullify the changes was dismissed in the Madison County court.

The Madison County Board will be asked Wednesday to instruct Architect Henry Gabriel to submit a new design plan for a county jail at an estimated cost of \$4 million so that it may be built on a downtown Edwardsville site. A member of the board's building committee said the county is bound to build on the downtown site because the bonds to finance the project are based on that location.

Madison County's Republican Party is finding a dearth of candidates for county offices subject to election next year. Committee Chairman Dr. Edward Ragdsdale said an announcement of "one maybe two" candidates will be announced at July 29 dinner meeting at the Lewis and Clark Restaurant in East Alton that will headline Republican gubernatorial candidate James Thompson.

The executive committee of the Southwestern Illinois Metropolitan and Regional Planning Commission will hold its first meeting of the 1977 fiscal year on Thursday at the Holiday Inn, Collinsville, beginning at 6:30 p.m.

An organization known as the Illinois Power Project, Inc., based at Urbana, Ill., has announced it will institute legal proceedings against the Illinois Power Co. in an effort to block a 15 per cent rate hike sought by the company.

Secretary of State Michael J. Howlett, Democratic candidate for governor, will be the speaker at the 75th anniversary dinner of the East St. Louis Knights of Columbus Council 592 Saturday night in the Council Hall.

Qued-Cityans may obtain assistance in federal income tax problems at the Alton IRS office, 501 Belle St., every Monday and Tuesday through the end of this year. IRA S. Loeb, IRS district director announced. Office hours are 8 a.m. to 11:30 a.m. and 12 noon to 4:15 p.m.

STEAL TV, CLOCK
A front door glass was broken to gain entry into the home of Shirley Arnold, 95 Garcesche Homes, Madison, and the intruder stole a 19-inch television and a mantle clock, it was reported at 8:10 p.m. Friday.

22 TAPES REMOVED
A brown leather case containing 22 tapes was stolen from the locked auto of Scott Hillmer, 3287 Willow Ave., he reported at 8:30 p.m. Saturday.

Ask Your Preacher

QUESTION: WHO IN THE BIBLE SAID, "AS IS THE MOTHER SO IS THE DAUGHTER"?

JOHN BELLCOFF
Port Chairman

Port board re-elects Bellcoff

John Bellcoff, city clerk of Madison, was re-elected Saturday as chairman of the Tri-City Regional Port District Board.

The Saturday meeting was called after the regular Monday meeting last week had to be adjourned for lack of a quorum. Under revised guidelines which dictate the secretary of the district must be a board member, that title was given to Clyde "Bus" Boyd. Carl Ranft, former port manager and secretary, was re-elected port manager.

The board also voted to retain Randall Robertson as attorney for the board.

Other board members present at the meeting were Henry D. Karandjef, Von Dee Cruse, Walter "Buck" Simmons and Burton Bernard.

Q I HAVE SEVERAL CEMETERY GRAVE SPACES WHICH OUR FAMILY NO LONGER NEEDS—HOW DO I GO ABOUT SELLING THEM?

A Since we don't know the specific cemetery in which you own property we will answer your question in general. There is always a market for the sale of property in well managed cemeteries, but many factors control whether these graves may be sold or to whom they may be sold.

Basically there are two types of cemeteries—one grants a right of burial for a specific or limited time—the graves are actually rented or leased. The sale of space in this type cemetery is rigidly controlled by those who own the cemetery. In other cemeteries a deed or other legal conveyance transfers ownership. These spaces can usually be sold but they are subject to the rules, regulations and by-laws established by the owners.

Before you try to sell your cemetery property investigate the racial, religious, fraternal and veterans restrictions which apply. If you give a warranty deed to an ineligible buyer you may be involved in considerable litigation.

Smith profits near record

A. O. Smith Corp. Thursday reported record sales and near record profits from continuing operations in both the second quarter and first half, it was announced by L. B. Smith, chairman and chief executive officer.

All but one of the company's major product lines had substantially improved sales and earnings compared with the same periods last year, Smith said. However, he noted that the first half of 1975 was a depressed period for A. O. Smith and the economy in general. He also said that while the increased earnings are gratifying, the company is not satisfied with its profitability.

"We will continue to stress cost reduction, manufacturing excellence and process and product improvement," he said. The rebounding economy, plus excellent sales improvement of the company's auto and truck frames and electric motors, led A. O. Smith's recovery from a year ago. The A. O. Smith plant in Granite City manufactures auto frames.

Smith said profits from continuing operations in the first half were \$10,871,000 or \$2.22 per share, with sales of \$317,677,000, compared with profits of \$242,000, or \$0.05 per share, on sales of \$218,351,000 in the first half of 1975.

In addition, the company had a profit of \$0.09 per share on the sale of its meter systems business, which was recorded in the first quarter, making total earnings for the six months of \$11,291,000 or \$2.31 per share. For the second quarter, earnings from continuing operations were \$5,626,000, or \$1.15 per share, on sales of \$165,615,000, compared with \$959,000, or \$0.18 per share, with sales of \$116,806,000.

Sales of the automotive division, which makes auto and truck frames, were up 47 per cent in the first six months compared to a year ago, and were at record levels, Smith said. Profits also improved substantially from year ago, up 68 per cent in the first half compared with last year, with profits also increasing significantly.

The Consumer Products division, which makes water heating equipment, had a good first half, with both sales and earnings well above last year's levels.

A. O. Smith Harvestore Products Inc., a subsidiary which makes livestock feed handling systems, had a profitable second quarter, although it reported a loss for the six months. A year ago the loss was much larger.

The Reinforced Plastics division of A. O. Smith-Inland Inc., an affiliate company which manufactures reinforced plastic pipe, is experiencing unsettled market conditions in the petroleum industry and as a result had lower sales than a year ago and suffered a loss in both the second quarter and first half. The Powder Metallurgy division of A. O. Smith-Inland, which supplies steel powder to the auto industry, had a strong first half in both sales and profits.

A. O. Smith, with its subsidiaries and affiliates, is a diversified manufacturer of water heating equipment, electric motors, agricultural feed storage and handling systems, auto and truck frames, glass fiber reinforced plastic pipe, metal powder and computer services.

Charges follow 2-car accident

An accident at Market and State streets, Madison, at 6:30 p.m. Friday, resulted in injuries to two persons and charges filed against both drivers.

Emmett Wooten, 65, of 46 Garech-Homes, Madison, the driver on one auto, was treated at St. Elizabeth Hospital for a lacerated chin and pain in the left hip. He had cramps taken and was admitted for observation. He was ticketed on a charge of careless driving.

Anita Gregory, 26, of 509 W. 2nd St., Madison, the second driver, was charged with driving while her license is suspended. A passenger in the Gregory car, Delores Gregory, 45, of 1019 Market St., Madison, was treated at the Granite City hospital for pain in the left wrist and hand. She was released.

4 boys held in auto burglary

Four juvenile boys, ages 12 through 16, were arrested by Granite City police and Madison County sheriff's deputies after an auto on Route 151 by North Street was looted.

Bill Kinkel, 2821 Forest Ave., reported at 8:05 p.m. Sunday that his car had been looted, so he left it parked beside Route 151. He said he returned with three friends and noticed two boys in the rear seat of his car. As the three men approached the car, the boys fled, dropping items as they ran. One of the men caught a 16-year-old boy in the weeds near the car and held him until officers arrived.

After questioning the boy, police searched for the blue pickup truck in which the boys came to the scene which they had parked on North Street.

Three boys were seen getting into the truck which was stopped by police on Slough Road by the horse arena. A stereo found under the truck. The four juvenile boys were turned over to sheriff's deputies who may file charges in juvenile court.

Youth charged

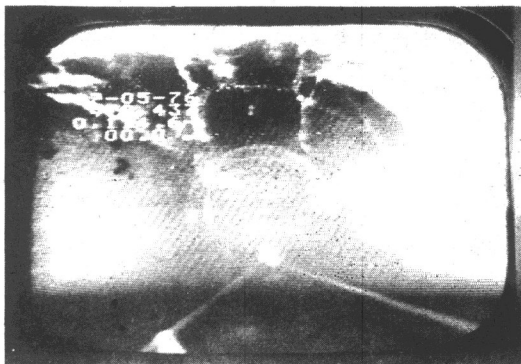

Robert D. Smith, 17, of 2503 E. 23rd St., was charged with criminal trespass to a vehicle, battery and disorderly conduct after he allegedly tried to force a woman to give him a ride in her car in the 2100 block of Washington Avenue at 3:45 p.m. Sunday.

Stephanie Denny, Collinsville, said she had just entered her car when a young man approached and asked if she would give him a ride to Madison. She related she told him she was driving the opposite direction. The youth then asked her to drive him to Route 139 and she refused, she related. She alleged he then opened the driver's door, pushed her toward the passenger side and said, "Move over, lady."

The victim said she began screaming and the youth turned and fled on foot. Smith was arrested later on Hall Street between Lincoln Avenue and East 23rd Street and allegedly was identified by the victim.

INJURES CHIN

Angela Jackson, 19, of 2304 Woodlawn Ave., was treated for abrasions to her forehead and a laceration to the chin where she hit it on the steering wheel during an auto accident. She was released at 6:35 p.m. Thursday from St. Elizabeth Hospital.

VIEW INSIDE SEWER from a Granite City Street Department unit which televises the inside of sewers to determine their condition. This image shows massive deterioration inside a sewer along Franklin Avenue by the Maryville Road lift station. The large white areas at the top and right of the photo are where sections of the sewer wall have been knocked out, leaving the dirt exposed. The white lines at the top and center are cracks in the sewer tile. Officials estimate 360 feet of the sewer will have to be replaced and one official commented he was surprised the sewer has not already collapsed. The sewer is above the water table, so replacement will not be a major project.

(Photo: Record Photo)

B. J. Dunnivant succumbs

Benjamin J. Dunnivant, 1429 Sixth St., Madison, who still was self-employed as a carpenter at 80 years of age, was pronounced dead upon arrival at 9:20 p.m. Saturday at St. Elizabeth Hospital.

An inquiry revealed the cause of death as acute myocardial infarction, or damage to the heart muscle. Mr. Dunnivant was taken to the hospital by ambulance from the Mexican Homestead Community Hall, 1801 Spruce St., after he collapsed while attending the wedding reception of his grandson, Eugene Dunnivant Jr.

Earlier the same day, Mr. Dunnivant had cut his own lawn and attended the wedding ceremony.

He and a son operated a carpentry business and Mr. Dunnivant worked on the job Friday.

Born in Granite City and a life-long resident of the Quad Cities, Mr. Dunnivant was a member of Venice Baptist Church and the Odd Fellows Lodge. He was a lifetime member of Moose Lodge 272 of Granite City.

Surviving are his wife, Mrs. Ethel (Davis) Dunnivant; four sons, Everett, Richard and Eugene Dunnivant, all of Madison, and Ronald (Ronnie)

Ok road levies for Chouteau

The Chouteau Town Board of Auditors has been informed that tax levies totaling \$93,100 have been approved for road purposes in the township.

Included are a \$75,760 in the general road fund, \$7,500 in the equipment purchase and repair fund and \$10,000 for retirement.

The general road fund levy includes \$18,510 for administration, \$3,000 for construction of roads, \$20,000 for maintenance of roads, \$29,500 for oiling roads, \$3,750 for buildings and \$1,000 for contingencies.

The town board also approved an agreement with the Madison County Community Development office on a uniform road identification and sign program and signed a release, holding the county harmless from any suits resulting from placement of the identification signs.

HOMEOWNER SURPRISES 2

Aubrey Russell, 2637 E. 27th St., returned home at 10:15 p.m. Saturday to find two people standing in the open door of his garage. Russell ran into the house to get a weapon, but the two fled along the alley. The dwelling also had been entered, but nothing appeared to be missing.

IN ACCIDENT

Norma Abernathy, 61, of 2528 State St. was treated Thursday at St. Elizabeth Hospital and released. She complained of pain to the left rib area right knee and chin. She told hospital personnel she had been in an auto accident on Wednesday.

SISTER PAULINE GULASH

SISTER GERALDINE THIEL

Sisters at St. Elizabeth celebrate silver jubilee

Sisters of Divine Providence Pauline Gulash and Geraldine Thiel celebrated their silver jubilee with a Mass of thanksgiving at the Normandy, Mo., motherhouse.

The community celebration of Mass officially marked the Sisters' 25 years of service in the order since they took their first vows on June 16, 1951.

Both Sisters Pauline and Geraldine are assigned to St. Elizabeth Hospital in Granite City. Sister Pauline is a registered nurse; Sister Geraldine is a pastoral care associate.

Luther Gann, 76, dies

Luther Gann, 76, of 3029 Ash Ave., a retired pipefitter from Granite City Steel, died at 4:45 p.m. Sunday at St. Elizabeth Hospital. He had been ill six months and in the hospital two weeks.

Born in Savannah, Tenn., Mr. Gann had lived here more than 50 years.

He was employed at Granite City Steel for 21 years before retiring 11 years ago. He was a member of Eagles Lodge 1126 in Granite City.

Arnold H. Hommert dies

Arnold H. Hommert, 72, of East Alton, formerly of Granite City, died Thursday at 8:50 a.m. in the Wood River Township Hospital where he had been a patient for the past five days. He had been ill two years.

He was born in Nameoki Township. He retired as a driver for the F. W. Stecker Trucking Co. and was a member of Teamsters Local 600.

order on Sept. 29, 1948. She was graduated from St. Elizabeth Hospital School of Nursing in 1954, and began working on pediatrics the same year. In 1971, Sister Pauline transferred to EEG, where she is director at the present time.

Sister Geraldine entered the order on October 31, 1948. From September 1951 to June 1974, she taught in schools in Missouri and Illinois.

In 1964 she earned a B.S. in religion from St. Louis University. Sister Geraldine came to St. Elizabeth's on June 23, 1974. She has done post-graduate study at several universities.

His wife, Mrs. Eva (Goodridge) Gann, died in 1970. Mr. Gann is survived by two sons, Eugene Gann of Peoria and Melvin Gann of Denver; two daughters, Mrs. Bill (Lona) Sumner of Granite City and Mrs. Arnold (Frankie) McIntosh of Las Vegas, Nev.; one brother, Joseph Gann of Granite City; 15 grandchildren and 14 great-grandchildren. Funeral arrangements are given in today's obituary column.

Funeral arrangements are given in today's obituary column.

He is survived by his wife, Mrs. Ruth Hommert; two sons, Glen E. Hommert of Granite City and Donald L. Hommert, one sister, Mrs. Minnie Aufderberg of Granite City, and one brother, George Hommert of Madison, and four grandchildren. Funeral arrangements are listed in today's obituary column.

Rites Saturday for Ross Foley

Funeral services were held at 2 p.m. Saturday at the First Baptist Church in Jacksonville, Ill., for Ross M. Foley, 48, of Jacksonville, a brother of Mrs. Rose Mary Stewart of Granite City. Mr. Foley died Thursday afternoon at Memorial Medical Center at Springfield, Ill.

Also surviving are his wife, a daughter, one son, one brother and four other sisters. Burial was in Diamond Grove cemetery, Jacksonville.

Sewer

(Continued from Page 1)

property owners in a district was sufficient to halt creation of the district, members of the county's special sewer committee decided to seek alternate plans rather than risk similar court action here.

It will probably not be known until Wednesday morning whether the signatures obtained in Area One (most of the populated areas of Nameoki and Chouteau townships) approach the 51 per cent level, but most authorities are predicting the petition fell short of 51 per cent in both the registered voter and property owner categories.

Under a new state law, the county can create special taxing districts and can issue general obligation bonds for major improvements in those areas, the bonds being repaid through property taxation in that district.

If 51 per cent of the voters and property owners sign petitions against the creation of the taxing district, it is automatically illegal for the county clerk to create those taxing districts.

Recent court battles in other states have indicated that more than 50 per cent of either voters or property owners would likely be sufficient to keep the district from being created, should the issue be brought to court.

A grant from the Illinois Environmental Protection Agency has been offered to finance about three-fourths of the costs of constructing sewers in the Quad-Cities area. The portions of that grant for Areas Two and Three will be lost unless alternate plans for financing the local one-fourth share can be developed before the October deadline.

Some floor debate is expected during Wednesday's County Board meeting, but most observers are predicting the resolutions for Area One will pass with only minor opposition.

A move may be made to permanently halt the Area Two and Three programs, but the board will be asked to hold those areas in abeyance in case other financing plans can be developed.

Walter "Dick" Sparks, chairman of the special sewer committee, commented on a resolution Wednesday will authorize the sale of up to \$5 million worth of general obligation bonds, but said he does not feel that much will be necessary.

The exact local share of the construction cost will not be known until bids are received for the construction and final contracts are let.

The amount of taxes each homeowner in Area One will be required to pay will depend upon the amount of bonds which has to be sold to finance the local share of constructing the sewers.

The Area One main sewer will begin in the Stallings area and will go north into Mitchell where it will turn to the Granite City Army Installation and empty into the Granite City primary and secondary sewage treatment plant.

Smaller collector sewers will serve populated areas near the main sewer, including Pontoon Beach, Mitchell and other areas.

THEFT FROM HOME
A \$200 set of tools, a \$20 silver bowl, a \$20 bill and an intercom unit were stolen from the home of Frank Scott, 2422 Grand Ave., the victim reported Sunday. He said he believed his home was burglarized while he was on vacation between July 6 and 15, but just noticed the items missing this weekend.

Madison woman held in fatal robbery case

Mary Thorpe, 21, of the 200 block of Allen St., (Eagle Park Acres), Madison, was held Friday in the Monroe County jail in lieu of \$50,000 bond on an armed robbery charge. She appeared before Judge Jerry D. Flynn Friday morning.

Willie Hadley, 21, of East St. Louis is held on a charge of murder and armed robbery, and his brother, Leonard Hadley, 20, also of East St. Louis is held under \$50,000 bond on an armed robbery charge.

The three were arrested in connection with the fatal shooting of Victor Bruhl, 75, of Milledale, Ill. during a robbery Thursday evening at the Halfway tavern on Illinois Route 3 near Waterloo.

The Bruhl family stopped at the tavern on their way home from a band concert and Mr. Bruhl went inside the tavern to get his wife and daughter a soda while his family waited in the car.

Bruhl apparently tried to flee the tavern through the front door and was shot when a robber produced a gun and demanded money.

The robbers took about \$80. The three suspects were arrested Thursday when Illinois State Trooper Jack Biven saw the suspects in a car matching the description of the one used in the robbery.

STILL CRITICAL
Edmund Michael Szczepank, 18, of 2329 Gary Ave., remains in critical condition today in the intensive care unit of Wood River Township Hospital, according to his mother, Mrs. Helen Szczepank. Young Szczepank was injured at 11:45 p.m. Wednesday, July 7, when he was struck by an auto on the North Drive of the campus at Southern Illinois University at Edwardsville.

General Steel income up

General Steel Industries, Inc. had net income for the three months ended June 30, 1976 of \$1,423,000, or 56 cents per share of common stock, on sales of \$15,460,000 compared with second quarter 1975 net income of \$1,152,000, or 46 cents per share, on sales of \$15,559,000, it was announced Thursday.

GSI's second quarter's performance brought net income for the first half of 1976 to \$2,570,000, or \$1.02 per share of common stock, compared with \$2,244,000, or 89 cents per share, in the first six months of 1975. Sales for the first half of this year were \$29,334,000 compared with \$28,763,000 in the same period last year.

GSI's income statements for both years include a tax credit representing partial utilization of the company's tax loss carry-forwards. Earnings before the tax credit were \$1,313,000, or 52 cents per share of common stock, for the first half of 1976 compared with \$1,145,000, or 45 cents per share, in the first half of 1975.

W. Ashley Gray Jr., chairman and chief executive officer of the diversified manufacturing company, and James A. Van Sant, president and chief operating officer, said that "Continued cost control programs at the manufacturing

TWO RADIOS STOLEN
Citizens' band radios were stolen from two cars in adjoining blocks Sunday night. Walter Milton, 324 Wabash Ave., said a \$175 radio has been taken from his station wagon at his home and Harold Cavins, 3315 Wabash Ave., reported at \$200 radio stolen from his auto at his home. A coat hanger, believed used to unlock both cars, was found under the front seat of Cavins' auto. A black over red car containing four or five youths was seen leaving Cavins' neighborhood about the time of the thefts.

divisions and lower interest expenses in the current period helped GSI show increased profits without increased volume.

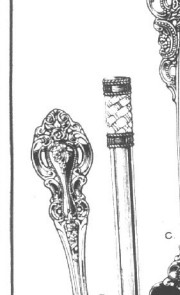

It also was announced that GSI has repaid \$1,980,000 of revolving credit notes following the recent refinancing of its outstanding debt. This reduces the company's total outstanding debt to \$9,855,000 compared with \$14,935,000 a year ago. The backlog of orders for GSI's five manufacturing divisions stood at \$20,881,000 at June 30, 1976, compared with \$18,854,000 at the beginning of the year.

Scratches youth, faces charges
Anthony Bell, 17, of 131 Grenzer Homes, Madison, was arrested in the parking lot of the Garesche Homes in Madison and charged at 9:30 p.m. Sunday with battery on a city ordinance after he allegedly scratched another youth on the chest with his fingernails and then reportedly struck him in the mouth with his fist.

Bell also faces charges of driving under the influence of alcohol, reckless driving and no valid drivers license after hitting a parked car in the Garesche parking lot.

DROUGHT-DRYING LAKE. Lack of rain has caused Engineer's Lake near Mitchell to drop to a level of about six inches of water. Hundreds of fish have been killed and they are scattered along the shoreline, causing odors and health problems. The Quad-City area is experiencing one of the worst dry spells in many years.

(Press-Record Photo)

Fire district proposed

STOLEN CHECKS USED
Five checks amounting to \$369 drawn on the account of a Granite City man were returned by a local bank to Schuck's Market, 3801 Nameki Road, when it was found the signatures failed to match the original. The owner of the checks had reported them stolen June 16.

AUTO LOOTED
Mark Arnold, 2828 National Ave., reported at 8:30 a.m. Friday the theft from his locked auto of an eight-track tapeplayer, valued at \$42, an FM converter, \$39, tapes, \$60, and two speakers, \$10.

Establishment of a Fire Protection District in the Benjamin Addition, a residential area of approximately 600 persons just outside the northwest Granite City limits, is planned as soon as arrangements can be made for purchase of a fire truck. Christ Paschoff, supervisor of Venice Township, announced Friday.

The plan is another step in a move by Paschoff to retain the Benjamin Addition area within Venice Township in the face of efforts by Granite City officials to convince residents of the area to annex to Granite City.

Paschoff announced at the same time that 29 street lights have been installed in the area and that work in installation of four fire hydrants will begin by the Interurban Water Co. within the next week or two.

Negotiations to obtain these improvements were begun by Paschoff when Granite City began its move to annex the area.

Fire protection has been the principal objective of area residents whom Paschoff said are now protected by the Mitchell Fire Department under a recent state law providing for the assignment of unprotected areas to an officially established Fire Protection District.

During a meeting in the Granite City Council chambers last May, attended by approximately 60 Benjamin Addition residents to discuss annexation, city officials noted that the Mitchell Fire Department had not responded to a fire call in that area a few days before and that Mitchell firemen had indicated there was no official designation of the Mitchell Fire Department to protect the area.

Paschoff said Friday that the Mitchell Fire Department designation has been clarified and that the department now protects the Benjamin area pending further development of its own fire district.

Present plans call for purchase of a fire truck now used by the Madison Fire Department, Paschoff said, noting that he has been told the Madison truck is to be replaced in the near future.

He said the truck will be bought with Venice Township federal revenue sharing funds, which also are being used to pay the power bill for the new street lights and the rental for the fire hydrants when they are installed.

Residents of the area became concerned over fire protection as the result of a fire in October 1975 that destroyed the home of Mr. and Mrs. Donald Tinsley, 2633 Logan Ave. The fire threatened the life of the Tinsley's 4-year-old daughter until the child was rescued by neighbors.

Two other homes were damaged extensively by the fire and other neighboring residents said they stood by fearing their homes also would burn.

Granite City firemen answered the alarm to that fire although the area is outside the city limits and the fire department is bound by a city ordinance prohibiting fire calls outside the city limits.

Immediately following the fire, nine families applied to the city to annex, but their property was not contiguous to the city boundaries and Mayor Paul Schuler said he believed it would be necessary to annex the entire area, rather than just a few of the residential properties.

UNDERCOATING—RALPH'S TEXACO
22ND & MADISON AVE.

Drought

(Continued from Page 1)

soaking rains this week the damage is likely to become widespread.

While farmers watch their thirsty fields, some towns in Illinois also face the problem of dwindling water supplies resulting from the unusually dry season.

Franklin Lewis, who monitors public water supplies for the Illinois Environmental Protection Agency, said towns that are in trouble are those that depend on shallow wells, generally 50 to 60 feet deep.

At least three towns have had to bring in emergency water supplies by trucks in recent weeks and near the Montgomery County community of Fillmore the water table has dropped 19 feet.

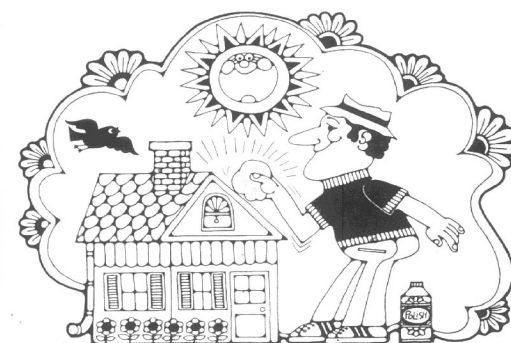

The dry spell also has slowed the water flow in the Mississippi River to less than a third of normal and water levels are approaching record lows.

Rainfall in the Quad-City area has exceeded normal precipitation for the month in only one instance during the first six months of this year. That was in March when 2.69 inches of precipitation were recorded at the Chain of Rocks locks where weather records are maintained. Normal fall for March is 2.34 inches.

Normal rainfall for this area received a large setback at the beginning of the year when precipitation in all of January was only .46 of an inch, and in February totaled the same amount, .46 of an inch. Normal fall for January is 1.86 inches and in February, 2.04 inches.

April produced only 1.41 inches of rain in the Quad-Cities, compared to a normal of 3.71 inches, and May precipitation was 2.97 inches compared to a normal of 3.71 inches.

452 Scouts attend Camp Sunnen to date

The fifth week of the six-week summer camping season at Boy Scout Camp Sunnen located near Potosi, Mo., was conducted last week with 103 Scouts and leaders in camp.

Total of 452 local Scouts and leaders have attended camp so far this summer.

The 1976 summer camping season will end this week.

Camp Sunnen is used year-around with training courses, Explorer activities, troop camping, Order of the Arrow and council functions.

Attending camp last week from the Quad-Cities were: Troop 45, sponsor Dunbar School PTA, leader, Jerry Sadler; Boys attending: Terry Ware, Jeffery Robertson, Mark Magic, George Magic, Richard Walker, Cory Silas, Wayne Maskehal, Mark Randolph, A. C. Ware, Reginald Mathis.

Troop 16, sponsor, Granite City Jaycees, leader, Jack E. Vizer; Boys attending: Craig Vizer, David Throne, Jim Lehmann, Jerry Krug, Mark Dilday, Doyle Elledge, Ricky Walker.

Troop 23, sponsor, Long Lake Volunteer Fire Department; leader, Bob Niemeyer; Boys attending: Ken Brooks, Kevin Brooks, Mike Niemeyer, Chris Roberts, Bryan Mainer, Roger Tipton.

Troop 15, sponsor, Fraternal Order of Eagles 1126, leader, Bob Williams and Ray Edwards; Boys attending: Melvin Carrio, Randy Long, Timmy Bates, Chris Von Nida, Barry Tempel, Lyle Tempel, Kevin Tempel, Ray Edwards, Mark McAmish, Todd Daniel, Jeff Gribble, Kenneth Tudor, Ricky Williams, Tony Maines.

Troop 124, sponsor, Russell D. Johnson School; leader, Fred Acosta; Boys attending: Eddie Graham, John Schneke, Jeff Kelley, Kenny Goline, Bruce

Turbough, John Acosta, Louie Karmache, Tommy Johnson, Jeff Hickam, Larry Gunn, Thomas Gunn Jr., Jim Howard, Roger Turbough, Jay McClellan.

Troop 7, sponsor, St. Joseph Roman Catholic Church; leader, Jack Vizer; Boys attending: Danny Moutria, Wesley Stanfill, Kenny Hillmer, John Mangovon, Robbie Mangovon, Peter Rommel, Ricky Stein, Darin Yureck, Bryant Snee.

\$50,000 law suit

Donald A. Emmrich has filed suit in Madison County Circuit Court seeking \$50,000 damages from Baltimore and Ohio Railroad.

Emmrich alleges that on May 8, 1975, while employed as a yard clerk, he was injured upon falling over debris in a locker room located on railroad property. Negligence was charged.

THEFT FROM TRUCK

A citizens' band radio valued at \$102 was stolen from the pickup truck of Paul Harrison, 61 Oaklawn Drive, parked at his home, he discovered at 7:50 a.m. Friday. Harrison's name is inscribed on the bottom of the unit.

LEAD-OFF BATTER Tri-City Post 113's Tom Hennrich opened District 22 American Legion baseball league action at Wilson Park Friday against Alton. The Granite City batter drew a walk, advanced to second,

and then was put out on a double-play executed by the visitors. Alton won 6-4, ending the season with a second-place tie with Tri-City, both with 13-9 records.

(Press-Record Photo)

JUNIOR OLYMPIC CHAMPIONS Saturday at Wilson Park were these young athletes of Niedringhaus School. Wilson School was second and Nameoki School third in the contest which is a highlight of the Granite City Park District's summer recreation program. Shown in the photo, from the front left are Julie Piper, Chris Piper, Danny McCommis, Brian Brokaw, Beth Parrill,

Todd Miller, Tammy Crider, Cindy Gray, Philip Hagen, Rhonda Bowen, Danny McGowan, David Gebhardt, Eric Melroy, George Disk, Lori Deterding, Rhana Cook, Richard Nagen, Scott Grote, leader Joann Kamibitch, Terri Crider, and holding banner posts, Roland Bowen and Dawn Deterding.

Playoff slot for Post 113 players

Season-long efforts by four District 22 American Legion Baseball League teams will be tested on the diamond at Highland this week as a post-season double-elimination to decide an entry into a fifth division tourney at Steelville.

Earning their way into the playoffs were league champion Belleville with a 20-2 record, Tri-City Post 113 at 19-9, Alton at 13-9 and either Edwardsville or Fairview Heights, both with 12-10 marks.

Coach Conrad "Babe" Champion's Post 113 Legionnaires dropped a 6-4 decision to Alton here Friday, and then assured themselves of a second-place tie in the league after downing Glen Carbon Post 435 Saturday afternoon, 4-2, in eight innings.

Alton hurler Steve Parton, with four shutouts to his credit, showed Tri-City no early weakness as he held the local nine to two hits in the game, one each by Eldon Warfield and Kirk Champion.

The visitors scored once in the second inning, and then added five in the fifth.

Parton's ball control loosened in the sixth, enabling Post 113 to force in four runners when Mike Clark, Randy Smith, Tom Hennrich and Jeff Scarborough all drew walks, and Keith Champion reached on an error.

Two runs scored on the error. Tri-City then doused Glen Carbon's hopes of making the playoffs with a victory which started Thursday evening when the two squads played to a 2-2 tie before the game was called because of darkness in the seventh inning.

When the game resumed Thursday, Glen Carbon went ahead 2-0 in the opening inning when Joe Gulash was hit by a pitched ball, Harvey Breckner walked and both scored on a flyball which was dropped by an outfielder.

Post 113 scored once in the second as Paul Evans and Mike Clark both drew walks, Randy Smith reached on a fielder's choice and Kirk Champion's sacrifice fly allowed the runner to reach home.

Keith Champion tripled in the fifth and was singled home by John Pritchard for the tie.

Saturday's continuation of the contest went nine innings before a victor was decided.

Kirk Champion reached base on an error, advanced to second

and then was put out on a double-play executed by the visitors.

Alton won 6-4, ending the season with a second-place tie with Tri-City, both with 13-9 records.

Sportsman 15, Jack in the Box 5 (WP Randy Hunt)

on a sacrifice fly, and three straight hits by Keith Champion, Pritchard and Eldon Warfield provided the winning margin.

Since Alton and Tri-City had identical records, a flip of the coin by District 22 officials decided second place.

Tri-City will play either Edwardsville or Fairview Heights Thursday at 4 p.m., depending on who wins the four-place tie-breaker. At 8 p.m. Thursday, Belleville takes on Alton.

Games are also slated for 4 and 8 p.m. Friday and at 1 and 8 p.m. Saturday, all at Highland.

Braves, East St. Louis split doubleheader

The Granite City Braves, member of a Central Illinois Traveling League, heads for Collinsville Wednesday for a 6 p.m. contest after splitting a doubleheader at East St. Louis yesterday. The split left the local team with an 8-6 league record and 10-9 overall. The Braves won 6-5 and lost 7-6 in a 12-inning game.

With winning pitcher Tom Mail on the mound the Braves scored a run in the third, four in the fourth and one in the fifth. East St. Louis scored twice in the first, once in the third and twice again in the seventh.

A walk to Larry Hagey and a double by Brian Mehan in the third inning cut into the host's

lead. The Braves went ahead 5-3 in the fourth when Dan Schaus reached on an error, John Krekovich singled, Hagey reached on a fielder's choice, Dan Fechte walked, Vic Griffin got a hit, Claude Ohanesian walked and Larry Pinkston singled.

Schaus singled in the fifth, followed by Krekovich reaching on a fielder's choice, and Hagey and Griffin walking for the winning margin.

In the second contest, the Braves collected 10 hits but stranded 18 runners.

Following the Braves four-run first inning and one run second, East St. Louis tied the contest with four runs in the

third at 5-5, forcing extra innings.

The Granite City squad scored in the 10th on con-

secutive hits by Hagey, Danny Manogian and Fechte before the hosts again tied the game with a run in it's half of that frame. A fun in the 12th inning, gave East St. Louis the win.

Mercer continues hold on Inter-City top slot

Mercer's baseball nine still holds a slim margin over Highland-Pierron and East Alton's Vans in Illinois Inter-City Baseball League standings following doubleheader contests yesterday.

Mercer split its twinnish with visiting Vans, winning 4-3 and

losing 5-3, while the Highland squad split two games with Panama, winning 4-0 and then losing by the same score. Thomas picked up its second win of the season yesterday at Fairfax, losing the first game 9-0 and then edging the hosts 2-1.

In the standings, Mercer has a 15-6 record, Highland and the Vans are tied at 14-6, Fairfax is 9-12, Panama 7-13, and Thomas 2-18.

Pat Harris relieved starting pitcher John Scott in the sixth inning for the win in the first contest. Harris then relieved in the same inning of the second game for the loss.

Hits by Mercer's Dennis Harrington, Bob Scott, Dave Schacke, Pat Harris and Jack Scarborough enabled the local squad to score a run in the fourth and three in the seventh innings. The Vans scored once in the second and twice in the sixth.

In losing the second contest, Mercer scored once in each the third, fifth and sixth innings, while the Vans sent two runs home in the fourth, one in the fifth and two more in the seventh.

Dave Schacke doubled and scored on Scarborough's sacrifice fly in the third. In the fifth, Scarborough blasted a solo homerun, and Bob Scott's single, Pat Peterson's reaching on an error and a sacrifice fly scored Mercer's final run of the game.

Fairfax blanked Thomas on seven hits and error-free fielding, but the local team turned the tables in the second half of the twinnish with a run in each the first and sixth innings. Fairfax scored in the second inning to tie the contest.

Rich Fossich singled, Jeff Worthen walked and Dave Melzer singled for Thomas in the first. Melzer opened the sixth with a hit, Jim Brawley was hit by a pitched ball, and John Jarvis singled in the winning tally.

GRID GRAPHICS. Mary Lelik of Granite City is a student instructor in an archaeology class at Southern Illinois University at Edwardsville. Miss Lelik is sighting through a transit, used in laying out a grid. Students in archaeology and anthropology at SIUE now are engaged in two "digs" in a search for ancient ruins in the Cahokia Mounds area, one of them discovered by a highway surveying crew.

Wins by Wallace, Spalding open busy week at speedway

Two former late model stock car champions emerged victorious Saturday night at Tri-City Speedway in racing competition on the half-mile dirt oval.

With Spalding of Pontoon Beach piloted his race car into the semi-main event's winner's circle, and defending track champion Russ Wallace of Arnold, Mo., claimed his seventh feature win of the season. Spalding was the 1973 titleholder here.

The two drivers will seek to repeat their feats Saturday evening, but tomorrow the American Motorcycle Association-sanctioned short-track racing returns at 7 p.m., followed on Wednesday by a 7 p.m. demolition derby in which the victor earns \$500. An automobile stunt act is also scheduled for Wednesday evening.

Wallace joined Dan Paciewicz and Johnny Prior as

preliminary heat race winners before leading the field from start to finish in the main event. Len Gittermeier finished second and Bill Myers third.

East Alton's C. C. Corbin captured the trophy dash before Spalding led Norm Cox and Butch McGovern under the checkered flag in the semi-main race.

Paciewicz led the event for 12 laps before Prior sped pass him while Spalding steadily worked his way through the pack.

The Pontoon Beach driver edged into second place behind the leader and took over the front spot with two laps to go when Paciewicz dropped out with mechanical problems.

St. Louisian John Wolfmeier outduelled Granite Cityan Chuck Milam in the sportsman division feature race for the win. Tim Allen was third.

Sportsman class heat races were won by Bill Ried and Jerry Zehnle.

Autos

(Continued from Page 1)

Massachusetts before Charles sold out and returned to Peoria.

There he launched the second automobile company in the country in February 1898, the Duryea Manufacturing Co.

At a talk at Bradley University, he told the assembled engineering students that "Peoria is to run thick with automobiles one of these years."

But there was a great deal of local resistance to the new "moto cycles," and Mrs. Duryea recalled that "tomatoes and worse" were thrown at them on early drives.

Illinois quickly lost its early initiative in automotive production.

The Chicago Motor Vehicle Co. was organized in 1899 with a \$10,000 capital, but it never produced a car.

Mueller of Decatur was killed by a shop explosion in 1900 after selling five modified Benzs.

Ten Chicago firms made electric vehicles and four produced steam cars, but they were small, short-lived companies.

An exception was the Woods Electric, a luxury town car which was assembled between 1899 and 1919.

The Springfield was produced in the state capital by a firm of undertakers in 1910-11.

The Birch, Bradley, Hamlin-Holmes, Marshall, and Shaw were all made in Chicago in the early '20s; and the Elgin Six enjoyed a relatively long life span.

Six automobile companies appeared in Aurora, and three

each in Galesburg, Joliet, Peoria and Sterling.

Decatur was the home of the Pan-American until the mid-'20s. In spite of its name, it employed only a local clientele.

Henry Ford's use of assembly-line techniques won production dominance for Detroit.

The procedure was inspired by a visit to the Chicago stockyards where he saw beef carcasses carried by hooks on a moving chain for processing.

He adapted this approach to assembling the Model T in 1913-14 and thereby assured its conquest of the world's markets.

The only Illinois-made cars that survived into the late 1920s had the support of either taxicab or agricultural machinery capital behind them.

Prominent among them were the Velie, backed by John Deere and International Harvester, which moved its factories to Ohio; the Commonwealth, which moved to Michigan and became Checker; and the Hertz, which produced cars from 1925 to 1928.

By 1928, automobile manufacturing in Illinois ceased for all intents and purposes.

Indiana surpassed Illinois by producing the Stutz, Miller, Mormon, Dusenbury, Mercer, Cord and Auburn well into the 1930s, while Studebakers rolled from the production lines near South Bend until 1965.

Ford and General Motors selected Detroit.

Although Illinois cities offered nearly as much to potential producers, automobile

3 vehicles are looted

Three vehicles within a few blocks of each other were broken into and looted, the owners discovered Friday morning.

Gerald Rawlins, 2417 Wilson Ave., noted a \$150 citizens' band radio and a \$25 antenna were stolen from his car, parked at home. A coat hanger was found nearby which was believed used to unlock the auto.

Minutes later, Dennis Kramer, 3008 Sunbury Ave., reported a stereo and radio were taken from his van, parked at his home. A bracket from Kramer's van was found near Rawlins' auto.

About the same time, Louis Cobb, 2201 Glen Drive, reported the left window of his truck, parked at his home, had been broken and a \$150 citizens' band radio stolen.

BURGLARY ON MISSOURI
 The home of Robert Buehler, 2434 Missouri Ave., was entered and the kitchen and a bedroom were ransacked, it was discovered at 7:45 p.m. Thursday. There were no signs of forced entry. The only thing known missing was a set of six towels.

Manufacturers avoided them. In the steam era, Chicago and Illinois were partially dependent upon the East for locomotives and motive power, and by 1890 they looked to the North and the East for automobiles.

Anthropology students at SIUE working in two 'digs'

Digging for ancient ruins of Indian civilizations is a project for two anthropology classes from Southern Illinois University at Edwardsville this summer.

"There are two ruins which students are digging for," explained Sidney G. Denny, chairman of the anthropology department at SIUE. "One dates back to somewhere around 700 or 800 B.C., and the other dates back to around 2000 B.C.," he said.

The digging sites, which are located near the city limits of Cahokia on interstate highway right-of-way, were discovered as possible grounds by highway surveying crews, according to Professor Denny.

"They were aligning their plans with surveying instruments, and notified some archeologists. They, in turn, let the university know about it," he said.

There are approximately 25 students working on the dig, from two different classes. "There are 25 students from Anthropology 375, the beginners, who are on a dig for the first time," Denny said. "And those in Anthropology 470, the

advanced senior class, have been on a dig before."

The students will get four credit hours for their work on the ruins. The projects will continue until the beginning of September.

Mrs. Ranie P. Graham dies

Mrs. Ranie Pearl Graham, 75, of 2912 E. 24th St., died at 5:30 p.m. Thursday in St. Elizabeth Hospital where she had been a patient for the past week. She had been ill several years.

Born in Tennessee, she lived here 66 years.

Mrs. Graham was a retired cafeteria worker at Granite City High School South and was a member of the Anchorage Senior Citizens.

She is survived by one son, Carl Miller of Gravois Mills, Mo.; two sisters, Mrs. Otto (Jeanette) Hill of Salem, Mo. and Mrs. Danie Wilson of Granite City, seven grandchildren and one great-grandchild. Funeral arrangements are listed in today's obituary column.

A LITTLE TO THE RIGHT, PLEASE. Robert Ostresh of Granite City sights through a surveying transit at an outdoor class at Southern Illinois University at Edwardsville. The anthropology class is laying out a grid for archeological digging in the Cahokia area.

\$8.4 million U.S. funds to Bi-State for transit system

The Bi-State Development Agency will be reimbursed by federal funds totaling \$8,400,500 as a result of approval of its latest grant application by the U.S. Department of Transportation Administration, it was announced Friday by Robert J. Baer, Bi-State executive director.

These funds replace operating expenditures for fiscal 1976 (July 1, 1975 to June 30, 1976) which resulted from the extensive expansion of the bus system. Additionally, Bi-State has retained a fare structure that is one of the lowest in the nation.

Baer said the system's daily operating miles have increased 8 per cent in the period March '75 to March '76. "More important," added Baer, "Bi-State

ridership has increased by 2,100,000 passenger trips."

"This particular grant award has special significance for our region," Baer said. "It marks the first time the Missouri-Illinois metropolitan region's transit system has received funding under the new National Mass Transportation Assistance Act of 1974."

The legislation provides federal funds over a period of six years to be used for either operating or capital assistance. Bi-State has been designated by the governors of Missouri and Illinois as the recipient for the St. Louis metropolitan region including the Alton urbanized area to receive some \$64 million in federal funds through the year 1981.

"One of the federal govern-

ment's requirements is that the local share from non-farebox revenue must equal the average contribution for the two prior years. This is to insure that federal dollars do not replace existing local support," Baer said.

Baer said that continued fiscal support from the City of St. Louis and St. Louis County and Illinois has made it possible for Bi-State to attract these monies.

Baer said this latest grant represents only part of the \$13,011,720 available to Bi-State for 1975 and 1976. Finishing touches are being put on a capital grant application for the remaining funds for which Bi-State is currently eligible.

On and off

(Continued from Page 1)

as—a hive or swarm of bees, a yoke of oxen, a herd of elephants, a bevy or covey of quail and a flock of sheep. But for those who enjoy the sound of words that aren't overworked, who like their language to be precise and who tire of hearing a group referred to as "a bunch of," here are some of the collectives which have fallen into comparative disuse, but are guaranteed to enliven one's vocabulary:

How about—A cloyer of cats; a drift of swine; a clutch or brood of chicks; a pod of whales; a skein of geese.

A tribe or troop of monkeys; a troupe of kangaroos; a mob of hares; a down or husk of hares; a draught, school or shoal of fish; a watch of nightingales; a wing or congregation of plovers; a knot of toads; a nide, nye or nest of pheasants.

A sleuth of bears; a grist of bees; a murder of crows; a volery of birds; a sedge or seige of reeds; a mule of hounds; a muster of peacocks; a leap of leopards; a cede of badgers.

A covert of coots (blackbirds); a chattering of choughs (a bird of an Old World genus); a charm of goldfinches; a skulk of foxes; a tribe of gorillas; a leash of greyhounds; a foxes; an exaltation of larks.

A kandle or kindle of kittens; a cast of hawks; a span of mules; a spring of teals; and a gang of elk.

If nothing else, they are unusual and may mystify a locuquacious friend whose vocabulary is punctuated with prodigious words.

MISS ELSIE E. MAYLATH, Coolidge Junior High Band director, who will serve as a counselor to the United States Collegiate Wind Band during its three-week concert tour and travels in Europe. The band will depart Sunday from New York City, returning Aug. 13.

Miss Maylath travels to Europe with band

Miss Elsie E. Maylath, band director at Coolidge Junior High School, will serve as a counselor for the United States Collegiate Wind Band, a highly selective musical organization, which will make a concert tour of seven European countries.

The group has assembled in New York City for rehearsals this week prior to departure Sunday.

Miss Maylath, 34, State St., received her invitation to tour with the band from Prof. Al G. Wright, director of bands at Purdue University, Lafayette, Ind., and conductor of five previous United States Collegiate Wind Band tours since they started in 1971.

The associate conductor, Gladys Wright, is the founding president of the Women Band Directors National Association. While in New York City this week, the band is performing invitational concerts at the Lincoln Center for the Performing Arts and in the Plaza of the Americas at Rockefeller Center.

The band will travel for three weeks, returning Aug. 13, in England, France, Germany, Austria, Italy, Holland and Switzerland.

Concerts will be presented in the cities of London, Paris, Lucerne, Aldorf, Innsbruck, Lugano, Munich, Amsterdam, Aix les Bains and Heidelberg. Acceptance for membership in the highly talented group of college and high school musicians is considered a musical honor of national importance.

A maximum of 100 musicians is chosen from the entire United States once each year. Students from 41 of the 50 states participated in last year's tour.

The 1971, 1972, 1973, 1974 and 1975 concerts by the band in Europe, England and Russia were received with great critical acclaim. Standing ovations were the rule rather than the exception whenever they played.

In addition to performing concerts the Wind Band group will visit musical shrines, museums and places of musical interest such as Richard Wagner's house in Lucerne, Mozart's house in Salzburg and Beethoven's house in Bonn.

They also will attend selected concerts and performances in various European concert halls and open houses.

Free 'fun' events, dinner for seniors

A fun-filled afternoon and evening for senior citizens without cost is set for Wednesday at the Tri-City Area YMCA, 2001 Edison Ave., Mrs.

Lucille Pierce, president of the "V" Senior Citizens Club, announced today.

Activities will include a buffet dinner, games, singing, dancing and swimming. All will be available free of charge. All senior citizens in the area are invited to attend the fun evening, Mrs. Pierce said.

The event is being sponsored by the local "V" through a grant from the Southwest Illinois Area Agency on Aging. Purpose of the grant is to provide more recreational activities for senior residents, a YMCA spokesman explained.

Games will begin at 3:30 p.m. Wednesday in the air conditioned game room, where pool, air hockey, pinball and ping pong may be played.

A "Sing-A-Long" is planned in the auditorium, followed with a "record hop" for those who enjoy waltzing and fox trots.

Mrs. Pierce said, "At 5:30 p.m., those attending may swim in the pool and a buffet dinner will be provided, also free of charge, at 6:15 p.m. The evening will conclude with more games."

Those responsible for planning the special events are Elma Hoover, Vina Law, Oscar Ash, Mae Finley and Harold R. Rudolph.

Breaks kitchen window to enter

A burglar tore a screen and broke the storm glass and kitchen window to enter the home of Richard Bronnbauer, 1824 Cleveland Blvd., he reported at 11 a.m. Saturday.

An attempt to enter the dwelling also was made at two other points, police said.

Stolen were a South High class ring, valued at \$30, a birthstone, worth \$65, six records, \$30, and a pellet gun and scope, no value listed.

Mrs. Norma Darnell, chaplain, reported several get well and sympathy cards were mailed.

Assignments were made for a rummage sale, starting at 9 a.m. Friday at Schermer's Garden Shop, 12th Street and Madison Avenue, Madison. Proceeds from the project will help further the unit's philanthropic programs.

Hostesses in the social hour were Madames Stella Miller, Jean Teller, Mattie Heflin and Edna Miller, who served refreshments to 14.

Mrs. Mary Lee Busler received the "mystery" prize and a gift was awarded to Mrs. Della Rabb. Prizes at games were won by Mrs. Darnell, Mrs. Betty Teller and Mrs. Busler.

A business meeting will take place Aug. 9 at the VFW Hall, Mrs. Miller announced.

Camelot Auction tickets should be purchased now

Tickets to the Saturday, Oct. 2, joint Rotary-Optimist club Camelot Auction are expected to be sold out by the first week in September, according to Maurice Dailey.

Dailey, who with Jack Dempsey, are co-chairmen for the ticket sales, told the Granite City Optimist Club at its Thursday noon meeting in the YMCA that he expects the annual charity affair to be a sell-out. The event is to be held at the Sunset Hills Country Club, beginning with a buffet dinner

followed by the auction. All proceeds will go to aid the community in club projects. Tickets are \$12 each and may be purchased from any member of either service club.

The Camelot Auction is limited to 250 persons and Dailey suggested that anyone wishing to attend should purchase their tickets early in order to avoid disappointment. The Optimists will hold a golf tournament and steak fry Thursday at Arlington Golf Club instead of their regular noon meeting.

Planning unit gets grant

The Illinois Department of Local Government Affairs (DLGA) has awarded a \$10,000 comprehensive planning assistance grant to the Southwestern Illinois Metropolitan and Regional Planning Commission. Director Frank A. Kirk has announced.

The money is part of a federal grant made to the state of Illinois by the U.S. Department of Housing and Urban Development (HUD) for the support of comprehensive planning activities at the state, regional, and local levels. The 12-month funding will permit the commission to undertake several activities of importance to Madison, St. Clair, Monroe, Randolph, Washington, Clinton, and Bond Counties, Kirk said.

The grant will assist the planning commission with its program of providing technical planning assistance to local governments in the seven-county region. This local assistance program provides for the provision of technical information or services in response to specific requests from local governments. Special projects and plans for coordinating services within the region will also be developed.

Hospital notes

Patients admitted to St. Elizabeth Hospital Thursday: Linda Wasson, 1202 West Pontoon, Elbert Lipe, Colonial Haven Nursing Home; Shawn Shrum, 2618 Birch; Nancy Zawec, 4504 Bunkum; Frances Trian, 1034 Washington; Madison, Norma Bosse, 2154 Edison; Sandy Bonn, Pekin, Ill.; James Hutchings, 2731 Washington; Robyn Altman, 2712 Myrtle; John Hediger, Highland, Ill.; Jeanne Richardson, 2099 Harrison; Madison; Mattie McCutcher, De Soto, Mo.; Margaret Cline, 715 Twenty-eighth; John Hutson, 2835 Palmer; James Ramsey, 4 Holly; Collinsville; Doris Fitch, Highway 162; John Bridick, 4154 Madison; Madison; Joyce Williams, Glen Carbon; Marian Hileman, 2149 Lynch; Donna Riggs, Edwardsville; Donald McDonalds, 3140 Princeton; Donna Hartwick, 3209 Newell; Minnie Bobbs, 900 Washington; Madison; Dennis Riggs, 2028 Kippel; Debra Maxwell, Collinsville; Mary Petroff, 2024 Benton; Elizabeth Susich, 1108 Greenwood; Madison; Mary Krieschok, 1066 Iowa; Madison; Joan Bloodworth, 2039 Fourth; Madison; Melvin Schneider, 5229 Lake View; Bonnie Campbell, 713 Twenty-sixth; Jason Hayes, 2264 Lee.

TOPS forms new chapter in GC

Mrs. Datha Ely, area captain of TOPS (Take Off Pounds Sensibly) Club, Inc., greeted officers and members of new TOPS chapter of Granite City at a meeting here last week.

Chapter 1790, formed in April, is the seventh to be organized in Granite City. Mrs. Ely said. Since the initial meeting, members have experienced a cumulative weight loss of 100 pounds.

The new chapter has Glenda Ozburn as leader and Beverly Beal as co-leader. Other officers are JoAnn Ferras, secretary; Rita Gray, treasurer; and Lori Hintz, weight recorder. Charter members are Doris McCoed and Clara Becker.

TOPS was founded in 1948 by Mrs. Esther S. Manz of Milwaukee, Wis. There are 250,000 current members in 12,236 chapters throughout the world. In 1975, each chapter had an average weight loss of 191 pounds, Mrs. Ely said.

The organization is based on the theory that obesity is an incurable affliction for many, but like diabetes, alcoholism and other afflictions it may be controlled by safely following the treatment prescribed by a member's personal physician.

Through TOPS, members of each chapter draw support, inspiration and motivation from one another, Mrs. Ely stated.

Class mementos being sought
Persons attending the Madison High School 1936 January and June class reunions on Saturday, July 24, are being asked to bring mementos such as pictures and programs to the affair, according to Melvin Hildabrand, chairman of the event.

The event is to be held in the Officers Club of the Granite City Army Installation beginning with a social hour at 6 p.m., followed by a buffet dinner at 7 p.m. and dancing to the music of the Duke Duo trio.

Stop car: arrest 2
Police on patrol on Rock Road at 3:30 a.m. Monday alleged seeing a car violate stop signs on Rock Road at Cayuga and Denver streets and stopped the car to find a 14-year-old boy driving.

A passenger in the car, Dennis R. Carter, 22, of 2714 Harding Blvd., was arrested and charged with contributing to the delinquency of a minor. A warrant also was served on Carter alleging reckless driving on a previous occasion. He also was charged with not having a city license on his car.

JO MARIE DERUNTZ

Jo Marie DeRuntz earns scholarship

Miss Jo Marie DeRuntz, a daughter of Mr. and Mrs. James DeRuntz, 2009 Lindell Blvd., has been awarded the Tri-City American Legion Post 113 nursing scholarship.

A June graduate of Granite City High School South, Miss DeRuntz, was a member of the student council, Red Peppers, GAA, National Honor Society, Quill and Scroll and a member of the High World news staff. She has also worked part time at Ravanelli's Restaurant for two years.

The honoree plans to attend Deconess Hospital School of Nursing St. Louis, in the fall to study in the school's 3-year program.

Two hurt as car hits pole

Two young people were injured when their auto struck a utility pole in the 1500 block of St. Clair Avenue at 9:05 a.m. Sunday, breaking the pole and downing power lines.

Kenneth Pragma, 16, of 3017 Willow Ave., told police he looked away from the road for a moment, lost control and the car swerved into the pole. He and a passenger, Becky Brokaw, 17, of 2704 Iowa St., were taken by ambulance to St. Elizabeth Hospital, where both were released after treatment.

Pragma suffered two broken teeth and a cut to his lower lip after his mouth struck the steering wheel. Miss Brokaw had a two-inch cut to the top of her head and a half-inch cut to her left eyebrow.

Two held as police probe phony checks

Mrs. Lillian Kozer dies

Two St. Louis men were captured by local police officers at 11:50 a.m. Friday after the pair sped away in a car from American National Bank, Fehling and Namoki roads, and abandoned the auto on 28th Street, between Grand Avenue and State Street.

The men, ages 21 and 31, both listing St. Louis addresses, are being questioned by detectives here today.

Police alleged two men had tried to cash a \$684 check drawn on the account of a local business firm and deposit \$135 of the amount in the account of an area resident.

The teller accepting the check released the money, and the pair walking up to the drive-in window at 2:30 p.m. Thursday, cashing a \$872 check from the same firm and depositing \$172 to the same private account.

Becoming suspicious, the teller began to confirm the check through the bank where the company has its account and the occupants of the car became "nervous" and fled.

Sergeant Albert Diak spotted the blue auto near 29th and State streets and officers converged on the area, finding the abandoned vehicle.

Minutes later, a man carrying a blue tank top and noticeably out of breath was captured in Wilson Park, not more than 100 yards from the auto.

The second man was chased by officers and taken into custody at 27th Street and Edison Avenue. The area resident into whose account the men had deposited the first \$172, apparently to avoid suspicion and make cashing the checks easier, told officers he had lost his deposit slips about a month ago.

Mrs. Lillian Kozer, 65, of Edwardsville, died at her home at 11:15 a.m. Sunday. She had suffered a heart ailment several years.

She is survived by her husband, John Kozer of Edwardsville; one son, John J. Kozer Jr. of Granite City; three grandchildren, and two great-grandchildren.

Funeral services are listed in today's obituary column.

Mt. Zion vacation school ends

Vacation Bible school attendance at Mount Zion Baptist Church averaged 283 participants, it was announced this week by the program directors, Mr. and Mrs. Von Brumfielt.

Based on the theme, "God's Love is Jesus," the vacation school classes were presented over a two-week period and climaxed with a commencement program.

A "king" and "queen" were crowned each Friday evening. The winners were determined by the number of visitors brought that week by a specific youngster.

Royal couples were Judy Walker and Mike Wicker and Tammy Jones and Mark Pollard.

At the closing program, pledges to the American and Christian flags and the Bible were given and the children sang the theme song, "God's Love is Jesus," under the direction of Herb Cammen.

Slides of school activities were shown and the group sang "America" and "God Bless America." The Rev. Donald Clark, pastor, offered closing remarks and prayer.

Pageant

(Continued from Page 1)

County Fair is an honors student, majoring in music at Southern Illinois University at Edwardsville. She is five feet, five inches tall and weighs 120 pounds. Her measurements are 34-24-35.

At SIUE, Melanie sings soprano in the Madrigals and is a member of the Cultural Arts Council, responsible for scheduling cultural programs on campus, and a member of the Major Events Council, which arranges two major activities each year for the campus community.

She is a member of Nu Iota Sigma Sorority and this year will serve as adviser to students entering SIUE as freshmen.

Melanie won the title of Miss Granite City in 1975 and participated in the Miss Illinois Pageant last year. As a high school student, she played lead roles in "Camelot" and "The Impossible Years" and was May Queen at South High in her senior year. She is an accomplished baton twirler and has taken part in many parades.

Her first assignment as Miss Madison County Fair will be to reign over the 1976 County Fair, starting Sunday at Highland. She also will appear at Busch Stadium, St. Louis, on Madison County Day, set Aug. 4 at a Cardinals game.

Gala decorations in a Bicentennial color scheme were used throughout the Exposition Hall on pageant night. Red, white and blue fans bordered the center runway, its footlights focusing upon the 19 attractive and well-prepared young women.

All paraded before the judges and audience in swim suits and evening gowns, after first being introduced wearing street-line dresses.

As part of the contest requirements each girl was posed a question selection at random and asked by David Lee, WILL Radio personality and master of ceremonies.

A steak dinner served by Ponderosa Steak Houses, pageant sponsors, and a cocktail hour preceded the three-hour competition. Dancing by the Rock-Knuck-Everyday People's Band followed.

Melanie Asadorian was crowned Miss Madison County Fair by Miss Illinois County Fair Elaine Grossman of Ohio, Ill. She received a sparkling tiara crown and scepter and a \$250 U.S. Savings Bond which she plans to use to further her educational pursuits.

All the contestants were

lovely, bright girls and falling the results turned in by the various judges proved a lengthy process for the official tabulator.

During the waiting period, David Lee and Kathi McDonald, KMOX-TV sportscaster and a pageant judge, entertained the audience with an impromptu conversation about their backgrounds.

Ken Thompson, pageant director, said that original plans called for selection of 10 finalists from the 19 girls. "The pageant officials ruled there should be no losers in the county's first pageant, so it proved a little more difficult," he explained.

Although Madison County has had a fair since 1886 never has a queen been selected to represent the county at the state fair or in the Illinois state pageant, Thompson said. This year, for the first time in many years, St. Clair County is not choosing a queen.

Serving as judges with Miss McDonald were Granite City Mayor Paul Schuler, Rocky Rhodes, O'Fallon, Mo.; Kris Krohn, St. Louis; Mrs. Dooley Bayless, St. Louis; Robert "Robin" Lowery, Brentwood, Mo.; Silvia Vonversen, WGNU Radio, Willard "Butch" Porttelle, clerk of Madison County Circuit Court, and Viola Suits, Miss Illinois of 1948.

Acting as escorts during the pageant were members of Explorer Post 10-4 of the Madison Police Department, including Gary Gravelle, first vice president; John Cox, second vice president; Joe Bargiel and Mark Matthews, squad leaders, and Ralph Causey and Brian Patton.

Heading the escort squad was Robert Ratter, president of the Explorers Association of the Great Central Area, which encompasses 1,400 Explorers in 1,200 post in four states, and also president of Post 10-4.

John Apperson, a Granite City policeman and a talented magician, performed a fascinating series of tricks, using rabbits, assorted ropes, mirrors and similar tools of his trade. He was assisted by his wife, Virginia.

The Madison County Fair Association hosts the pageant, was represented by several officers. Presenting the trophies to the winners was Leslie Knebel, first vice-president.

Howlett begins downstate tour

Michael J. Howlett, Democratic candidate for governor, will campaign in 38 southern Illinois counties for nine days, today through July 27, using a camper as a mobile headquarters.

He will speak at factory gates, courthouse lawns, street corners and all kinds of gatherings, but his principal purpose will be to listen, he said.

"During 16 years as auditor of public accounts and secretary of state, I have spent 80 per cent of my time downstate, making

at least 300 speaking appearances a year," said Howlett.

"But this tour will be a chance to communicate directly with southern Illinois citizens on what I can do as governor to work with them for a better state."

"Wherever we live, update or downstate, we share common problems - education, taxes, health, welfare, transportation, unemployment, corrections, conservation, environmental pollution, water supply and many others."

"Illinois is a large and varied state. Every region has its special advantages and problems. I am touring southern Illinois to learn about both. Then, as governor, I can work with you to combine the resources of the state with your advantages to help solve the problems of southern Illinois."

Howlett's camper tour was to begin at 7 a.m. today at Effingham, with a factory gate visit, and end July 27 at Carbondale with a press conference.

His itinerary calls for formal

appearances at the following state, and informal campaigning at villages and towns along the way:

July 19 - Effingham, Newton, Robinson, Lawrenceville, Olney.

July 20 - Olney, Flora, Fairfield, Albion, Mount Carmel, Carmi, McLeansboro, Eldorado, Marion.

July 21 - Marion, Harrisburg, Shawneetown, Elizabethtown, Golconda, Metropolis.

July 22 - Metropolis, Mound City, Jonesboro, Anna, Goreville, Marion, Quincy.

July 23 - Quincy, Augusta, Rushville, Beardstown, Mount Sterling, Pittsfield.

July 24 - Pittsfield, Winchester, Roodhouse, White Hall, Carrollton, Jerseyville, Hardin, Belleville, East St. Louis.

July 25 - Belleville.

July 26 - Greenville, Carlyle, Centralia, Watloville, Ashley, Cutler, Nashville.

July 27 - Nashville, Pinckneyville, Murphysboro, Carbondale.

Howlett will meet during his tour with groups of farmers, educators, conservationists, local officials, senior citizens, business, professional, civic and labor leaders.

Story hours resume at library

By SUSAN RARDIN
G.C. Children's Librarian

Story hours at the children's room of the Granite City Public Library have resumed. All parents and preschoolers are invited to bring children to the story hours.

A variety of films, songs, and other activities for children will be utilized. Story hours are held at the following times: Tuesday morning at 9:30 and 10, and Friday morning at 10.

Story hours on the bookmobile will continue through August. All are welcome to use the bookmobile and to join the story hours. The story hour schedule for the bookmobile is as follows: St. Elizabeth School, Aug. 6 and 20, 3:30-4; Maryville School, Aug. 10 and 24, 3:30-4.

Washington School, Aug. 4, 11, 18 and 25, 10:30-10.

Library cards are now given to children who can write their own name. An application card must be filled in by the child or his parent, and the parent or guardian must sign the card. All cards are kept on file in the children's room.

A class in puppet making and puppet playing will begin Wednesday, July 26, at 2 p.m. This class will be open to children in the first grade and older.

The children's room now has a "Reading House." This is a playhouse designed to give children a private reading and

play space. It also encourages children to buckle a window, snap a trap door, tip a door, and lace another door.

Following is the schedule for the summer movie program sponsored by the children's department:

July 22, 1 p.m., Living Free, YMCA, Rooms 1, 2, 3, 4.

July 29, 10 a.m., Hound, Children's Room.

July 29, 1 p.m., Hound, YMCA, Rooms 1, 2, 3, 4.

Aug. 5, 10 a.m., Snoopy Come Home, Children's Room.

Aug. 5, 1 p.m., Snoopy Come Home, YMCA, Rooms 1, 2, 3, 4.

Aug. 12, 1 p.m., Happy Prince, Granny Lives In Gailway, YMCA, Rooms 1, 2, 3, 4.

Aug. 19, 1 p.m., Cat Ballou, Children's Room.

Aug. 19, 7 p.m., Cat Ballou, YMCA, Rooms 1, 2, 3, 4.

Aug. 26, 1 p.m., Music Box (Laurel & Hardy), School's Out, YMCA, Rooms 1, 2, 3, 4.

Suffrage story on Channel 9

The story of the long and bitter struggle for British women's suffrage, *Shoulder to Shoulder*, returns this month on "Masterpiece Theater," airing at 8 p.m. Sundays and repeated at 8:30 p.m. Fridays on KETC-TV, Channel 9. The series begins on July 25 and 30.

The six-part BBC-produced series centers on the remarkable Mrs. Emmeline Pankhurst, her militant oldest daughter, Christabel, and artistic pacifist daughter, Sylvia.

The first episode opens with the founding of the Women's Social and Political Union in Manchester, England. The following episodes trace the spreading influence on working-class women and the violent resistance of the government.

Shoulder to Shoulder dramatizes the atrocities inflicted on women who were imprisoned for their actions. One episode relates the circumstance leading up to the tragic sacrifice of Emily Wilding Davison, who brought

attention to the cause by throwing herself under the King's horse.

New or renewing members of Channel 9 may receive a complimentary copy of the book, "Shoulder to Shoulder," a detailed documentary account of the Suffragette Movement compiled by Midge Mackenzie, one of the series' creators. More information may be obtained by writing to: Channel 9, 6996 Millbrook Blvd., St. Louis, Mo. 63130.

Illinois Power's consumer tips on washers ...

If anything took the "good" out of the "old days," it was those loads of laundry that had to be hand soaked, hand scrubbed and hand rinsed. Today, modern washing machines and electricity do that for you. By following these tips, you'll get the most "scrub-a-dub-dub" for your electric service!

Plan Ahead

Sort clothes according to type of fabric, color-fastness, degree of soil, and garment construction. You'll save hot water and electricity by doing similar items together.

Accumulate a full load before running your washer. Try to do your wash during "off-peak" periods—evenings or weekends.

Be Selective

Choose the cycle that is appropriate for the clothes you are washing. Is a "hot" temperature setting really necessary? Except for heavily soiled items, most loads will come clean in a cold or warm wash. Look into cold wash detergents.

Use the least amount of detergent that will get your clothes clean.

Overloading causes extra strain and wear on your equipment; check the manufacturer's recommendations for load weight. Balance your load by alternating small and large items.

For Safety Sake

Be sure control is "off" before reaching into your washer.

If one is necessary, use only a heavy duty extension cord. Be sure your washer is grounded.

Keep dry cleaning agents, color remover and Fiberglas out of your washer. It's a good idea not to wash clothes containing cleaning fluids in your washer.

Disconnect washer from outlet and turn off water faucets connected to laundry equipment during long absences.

It's our business to provide energy. But it's everybody's business to use it wisely.

IP IT'S OUR BUSINESS TO SERVE YOU BETTER
ILLINOIS POWER COMPANY

THE SCHERMER BULLETIN

Last week we wrote about going to a "one ad" program. To date all the comments we have had are positive. Absolutely no negative votes.

Therefore, next week we will run another test just to see how it works. We still would like your comments, one way or another.

Last week our produce department had some outstanding buys. Probably the best was Broccoli at 3 for \$1.00. This week our meat has some outstanding values. Pork Steaks at 99¢ and Polish Sausage at 99¢ are a pair of winners; Check the rest of the items as well.

We are very proud of the values we have been able to offer the past several months. Especially when you can offer good buys on items that people buy regularly, then you have something.

Leo and Avery

Hagnauer urges Demo unity

Nelson Hagnauer, Granite City Township supervisor, and chairman of the Madison County Democratic Central Committee and the Madison County Board, was the guest speaker at last week's meeting of the Granite City Democratic Club in the Knights of Columbus Hall.

Hagnauer urged all Granite City and Madison County Democrats to unite in order to assure sweeping Democratic victories in November, locally, countywide and nationally. He also reviewed recent activities and accomplishments of the Madison County Board. The speaker reminded the members that Democrat Day at the Illinois State Fair will be Aug. 19 and the annual John F. Kennedy Champaign Dinner is planned for Oct. 17. Nick Petrillo, club president, reminded all members that the club's picnic will be held at the

Granite City Army Installation Sunday, July 25. Co-chairmen for the event are Lionel Portell, Vasil Eftimoff and Von Dee Cruse.

Petrillo urged everyone to submit reservations at \$5 per family to him or to call him at 877-5149 by 6 p.m. Wednesday to assure reservations. The next regular meeting of the club will be Wednesday, Aug. 11, at the Knights of Columbus Hall. It is open to the public.

Suffers chest pain, auto strikes tree

Howard Musick, 57, of 2636 Center St., was transferred to Missouri-Pacific Hospital, St. Louis, after he lost control of the auto he was driving west on Colgate Place and struck a tree at the home of Donald Teaney, 3139 Colgate, at 2:10 p.m. Friday.

Musick said he suffered chest pains and thought he was having a heart attack immediately before losing control of the vehicle. He was taken by ambulance to St. Elizabeth Hospital and treated for a laceration to the upper lip before being transferred to the St. Louis hospital.

MISS GRANITE CITY. Karen Ann Koliste, who hopes to receive the judges' stamp of approval at the Miss Illinois Pageant this week, continues on the job Friday at the Illinois Driver's License Station in Granite City. The local Miss Illinois candidate leaves Tuesday for Aurora where the pageant will take place Wednesday through Saturday. The 20-year-old vivacious brunette is a talented organist and will play the organ as her talent presentation in the state contest.

(Press-Record Photo)

PETITE ENTRANT in the national Miss Hemisphere Beauty Pageant is Andrea Bickl, 6, daughter of Mr. and Mrs. John (Betty) Bickl of Cahokia, formerly of Granite City. Her participation in the event is sponsored by Nestle Co. of Granite City, where her father is employed.

Lincoln Place Reunion

At a special meeting of the board of directors of the Lincoln Athletic Club, plans for the Lincoln Place Homecoming were finalized.

Former residents are being contacted for the homecoming to be held Saturday, Aug. 7 from 2 p.m. to 10 p.m. at the Community Center, 822 Niedringhaus Ave.

Vasil Eftimoff, president of the Lincoln Athletic Club, sponsor of the homecoming, announced that ethnic food booths will serve food and refreshments. These groups are the Mexican Honorary Commission, Armenian Relief Federation, Macedonian Bulgarian Ladies Society, Lincoln Place Mothers Club and

Jake Varadian's Arbor Club. Prizes will be given to the person who has come the longest distance and the family with the most children and grandchildren present.

Recognition will be made to residents past or present who are 90 years of age plus. Two are known to be living in the community: Louis Fischer and

John Spiroff. Help is needed to locate others. Honored guests will be Mayor Paul Schuler, his wife and other city officials.

To date, confirmations have been received from past residents who will attend and are now living in Los Angeles, Detroit, Akron, Ohio, Saratoga, Fla., Argo, Ill. and Springfield, Ill.

In beauty pageant finals

Andrea Bickl, 6, formerly of Granite City, daughter of Mr. and Mrs. John (Betty) Bickl of Cahokia, will represent West Illinois in the Little Miss division of the 1976 National finals of the Miss Hemisphere Beauty Pageant to be held at Walt Disney World, Fla., Aug. 23 to 28.

Andrea's participation in the pageant is sponsored by the Nestle Co. of Granite City where her father is employed. She won a preliminary pageant in Kansas City, Mo., on July 10.

Judging at the national pageant will be based on good looks and personality. The girls are from the ages 2 to 27 years competing in five age divisions.

Prizes will include six 1976 automobiles, mink coats, scholarships, several savings bonds and diamond watches. This is the largest children's

beauty pageant in the world today, offering prizes and opportunities for youth, teens and young women, according to Mrs. Maria Rybicki, executive director of the event.

At the national contest, all delegates will compete the entire week in three outfits, formal, casual and costume depicting their home town or state.

Awards will be presented for best attire, smile, modeling and congeniality.

Purses looted at Wilson Park pool

Three employees of the Granite City Park District had their purses looted of cash while teaching swimming classes at the Wilson Park pool, it was reported at 11 a.m. Friday. All three women had left their purses in an unlocked room.

Reporting the thefts were: Debbie Zedolek, 2148 Aubrey Ave., \$51; Karen Plesse, 59 Oaklawn Drive, \$50; and Christie Diak, 2126 Clark Ave., \$8.

LOSES WALLET AT WORK
Raymond C. Sampson Jr., 3105 Waryville Road, reported at 10:15 a.m. Saturday, the loss or theft of a black wallet, containing six credit cards, social security card and driver's license, in the cafeteria at Granite City Steel's Blast Furnace Division.

Art of Film series due on Channel 9

Fritz Lang, Noel Coward, and Ingmar Bergman devotees will enjoy the films to be featured in August on the "Art of the Film" series, to be telecast at 8 p.m. Saturdays on KETC-TV, Channel 9.

"Dr. Mabuse, King of Crime" begins the films on Aug. 7. In this sequel to "Dr. Mabuse, the Gambler" (aired July 31), director Fritz Lang's lethal villain is set in a world so decadent that he turns to loving with human destinies for excitement. Because Mabuse is an omnipresent but intangible threat, many observers of the German film have found this 1922 classic to reflect a society under a tyrannical regime.

In "Spies," airing August 14, Fritz Lang, imaginatively combines the conventions of spy tales with the art-garde to create this outstanding 1928 forerunner to Hitchcock and James Bond thrillers.

On Aug. 21, the 1948 film "The Astonished Heart" features Noel Coward who portrays the lead role in his own screenplay about a tormented psychiatrist torn between love for his wife and his passionate desire for another woman.

"Winter Light," airing Aug. 28, is the second film in Ingmar Bergman's trilogy which focuses on a village pastor, who believes that he has been deserted by God. Gunner Bjornstrand, Ingrid Thulin, Max von Sydow, and Gunnar Lindholm star in this 1962 Bergman classic.

New or renewing family members of Channel 9 may receive a complimentary copy of the illustrated book, "The Movies," and a viewer's guide to the "Art of the Film" series.

Higher insurance costs plague Madison schools

A predicted jump in the cost of workers' compensation insurance for the Madison public schools was discussed by the Madison Board of Education at its regular meeting Thursday night.

Superintendent of Schools John Palchek told the Madison board that the district presently pays \$4,500 per year in workers' compensation insurance premiums, but that figure may triple or go even higher.

He said one school district he studied had its premiums jump from \$18,000 last year to \$35,000 and next year's premium is expected to be \$107,000 for that district.

He also cited Bloomington, where the schools are paying \$30,000 presently for workers' compensation insurance and will have to pay more than \$200,000 next year.

Madison is now seeking prices for its workers' compensation insurance for the upcoming school year and Palchek warned it may not even be available.

If a district is unable to contract with an insurance company for the insurance, it must enter the state's high risk insurance program, which carries a much higher premium than the companies.

The workers' compensation problem is to be discussed at a breakfast meeting of school officials and the Governmental Affairs Committee of the Tri-Cities Area Chamber of Commerce at the Granite City automotive frame plant of A.O. Smith Corp. at 7:30 a.m. Tuesday, A.O. Smith will provide the breakfast.

The Madison board voted to send Assistant Superintendent of Schools Wade James to the meeting, because Palchek will be on vacation that week.

In other business, the board opened bids for cafeteria and sports supplies and other items for the upcoming school year.

O'Dell's Coal was the lowest of two bidders to supply coal for the district and a contract for \$42 per ton was approved.

Piassa Fuel was selected to supply fuel oil for heating at 33.9 cents per gallon or 4 cents off the tank price if it changes.

A second bid offered a 3.15 cent per gallon discount.

Lakeside Roofing Co. of Granite City was awarded contracts to replace roofs on the Harris School gymnasium, and the Louis Baer new addition and gymnasium, all at a total cost of \$7,185.

A Biebel Roofing Co. proposal for \$9,587 for the work was rejected.

Economy Sporting Goods was selected to supply the majority of needed sports equipment, including balls, nets, helmets, masks, uniforms and other equipment.

Bollinger Supply was selected as low bidder on basketball uniforms.

Landshire Sandwich Co. was approved as low bidder to supply sandwiches to the district. Two companies submitted sandwich bids.

New Way Co. of Duplo was selected as the lowest of two bidders to supply outside light bulbs.

Sealtest Dairy was the lowest bidder on supplying milk to the district and Bunny Bread was the only bidder on bread products. Both were accepted to supply those items in the next school year.

Other bids were opened and were referred to the administration to tabulate and make recommendations to the board at its next regular meeting. Included are fish, powdered sugar, spaghetti, cheese, snack cakes, potato chips and other items.

Bids from Hollywood Andrews, Delmar Studio and

Famous Barr Co. were opened and considered for the district's photographer next school year.

The board discussed the bids at length before tabling them for additional consideration.

A \$4,300 proposal for replacing the tubing in the boilers at Madison High School and Blair School was studied and the administration was instructed to obtain a proposal from another company for comparison.

A proposal for window shades also was studied and held, pending the receipt of other prices.

The board gave its approval to purchasing \$448 worth of surfacing materials to resurface the tennis courts at Madison High School. School district personnel will do the work.

A \$10 citizens' band radio and an \$80 car stereo were stolen from the auto of Gary McConnell, 3161 Davis Ave., parked at his home, he discovered Thursday. Entry was gained by prying open the right vent window to avoid setting off the auto's burglar alarm.

Illinois has outperformed most other states in economic growth in the entire post-war period, but the pace has slowed substantially since 1967.

This is one of the major conclusions of a comprehensive, nine-month study of the Illinois economy, released Thursday by the Illinois State Chamber of Commerce.

Findings of the far-ranging study, first of its kind in Illinois, will be used to alert govern-

ment, business and labor leaders to the conditions which stimulate or retard growth here, Lester W. Brann Jr., president of the 19,000-member statewide business organization, said.

Dr. A. James Heins, professor of economics at the University of Illinois, Urbana, conducted the study for the state Chamber. Brann and Heins announced the findings at a Chicago news conference.

develop a long-range program to stimulate economic growth and create new jobs in the state. Highlights of the study findings:

industrial states. Its per capita income of \$6,234 exceeded that of Texas by almost \$1,300.

"Until 1967 Illinois was a state characterized by low taxes. By 1974 it had become an average tax state. On the way to average, taxes and spending in Illinois increased at a rate faster than that of comparable states and the nation as a whole."

purposes for which public monies were spent; future growth in Illinois will depend on her ability to attract capital into manufacturing and mineral resources, particularly coal.

Two graduate from Bradley

Lawrence Rose, son of Mr. and Mrs. B. T. Rose of 46 Cambridge Drive, and Karen Romine, daughter of Lloyd and Mrs. J. W. Romine, 2121 Lincoln, graduated from Bradley University with bachelor's degree credits from the College of Liberal Arts and Sciences.

There were more than 750 graduates in the ceremonies during ceremonies in Robertson Memorial Field House.

President Harold G. Agabri presented the graduates to more than 6,500 guests, saying "we live in a society that demands that each of us take responsibility and leadership," and he urged those graduating to make a significant contribution to the world, not be disadvantaged, and the less fortunate.

Students from 22 states, from Hawaii to New York, Bolivia, Iran and Korea were represented on the list of those graduates.

manufacturing capital has attracted to those states spending more on education. high corporate income taxes were associated with slow growth rates. This relationship was not as strong as education and welfare relationships; high wages are deterrent to manufacturing investment and growth; wage stoppages, union participation and labor market restrictions tend to restrict investment growth; states with higher rates of investment and growth experienced better average increases in standard of living; increased size of government associated with slower investment and growth rates, increasing size appears to have been less important than

DELINQUENCY PROBLEMS DISCUSSED. Members of the Madison Police Unit 110 Police Explorer Post 104 visited the Pere Marquette Residence Center last week at Grafton, Ill., to gain further insight into the problems and possible solutions in the area of delinquency. The Explorers plan to enter law enforcement or related areas as a career. Seated left foreground is Bruce Rotter, post president. Standing from left,

Randy Steele, William Kinkle, Joseph Bargiel, Mark Matthews, Randy Graville, first vice-president, Brian Patton, and Warner G. Semetis, resident superintendent. The institution, in Grafton, serves 36 Southern Illinois counties, including Madison County. Youth at the center receive a highly intensive community and institutional counseling program.

Public fund drive for SIUE library

Establishment of a Lovejoy Library Development Fund and the beginning of a public drive for funds to ward off a "slowly building crisis" at the University library was announced Thursday at Southern Illinois University at Edwardsville.

Officials of the Friends of Lovejoy Library, an organization whose projects support development of the University Library, said the drive for private support for the library was being undertaken in response to a critical need. "It has been most fortunate that in most of SIUE's developing years, there have been sufficient funds for the building of what has become an excellent university library for the area," said J. Homer Kennedy, chairman of the board of the Friends. "For the past three years, however, the development of the Library has been slowly crippled by lack of funds."

"The quality of the Library's collections now is endangered," he added. "We must seek large, private help or the Library will fall back. If that happens, the quality of education at the University will also decline. No one in our entire area should want that to happen."

John C. Abbott, Library director, described the drive as an urgent matter. He pointed out that Lovejoy Library serves countless students, teachers, individuals and businesses

aside from the University's regular students. "This is a matter for concern in all communities served by the University," he said.

Mrs. Stephen R. Stimson Jr., executive secretary of the Friends of Lovejoy Library, said the plight of the SIUE library is simple to understand, involving a factor of heavily curtailed state funds, set against a dismal picture of rapidly rising book, periodical and binding costs.

"This unhappy situation is very much the lot of most public university libraries today," Mrs. Stimson said. "Book costs in the United States have risen an average 14 per cent each year in the last five years. At the same time, available funds for book purchases at SIUE have declined sharply."

"With printed knowledge expanding on every horizon, Lovejoy Library's steady progress toward excellence now stands in jeopardy," she said.

Kennedy cited examples of materials the Library needs. "The science library alone has a backlog list of books costing \$75,000 requested by the faculty to assist their students. Some of the topic areas are mathematics, physics, physiology, public health, horticulture and civil, sanitary and electrical engineering. Such books range in price from \$22 to \$70," he said.

"The humanities library, for example, needs replacement

copies for many books which get heavy usage. These books range from \$12 upward," he said. Other examples are replacements for worn-out microfilm reading equipment and document cases for flat storage of valuable oversize materials in the music research collection.

Mrs. Stimson said that gifts to the Library Development Fund are important regardless of size. "SIUE touches the lives, in one way or another, of everyone in the area it serves, and everyone has a stake in its progress," she said. "Today's circumstances urgently require the support of private money for any college or university library which is striving for excellence."

Funds will be sought from individuals, clubs and organizations and business and industry in all communities served by the University. Gifts to the Fund may be made at the donor's choice, for unrestricted

use, for specific subject collections, the area history collection, music collections, as a memorial gift, or other use specified by the donor.

Gifts of \$10 or more to the Fund by individuals bring automatic membership in the Friends of Lovejoy Library. All contributions are income tax deductible and interested contributors should mail their checks to the Friends of Lovejoy Library office at SIUE.

GRANITE CITY PRESS-RECORD
Mon., July 19, 1976 Page 2

In loving memory of EDWARD J. BOYER, July 17, 1973. Three years have passed since we went away. But in our hearts you will always stay.

Sadly missed by—
WIFE AND FAMILY
33 7 19

In loving memory of WILLIAM DALE STRAUSSER SR., who passed away July 14, 1975. To everything there is a season, And a time for every purpose under the heaven.

A time to be born, and a time to die. A time to weep, and a time to laugh. A time to mourn, and a time to dance. A time to get, and a time to lose. A time to be sad, and a time to be glad.

ALTA AND CHILDREN ROY AND PAT STRAUSSER
OSCAR AND LAURA STRAUSSER
33 7 19

In loving memory of MERTICE D. WALLACE, who passed away July 20, 1971. We took your hand. We had to part. It eased your pain, but broke our hearts.

Treasure our mom in your garden of rest. For on this earth, she was one of the best. Guard our dear mom. Don't leave her alone. Love mom dear Lord. As we did at home.

Sadly missed by—
BOB, CAROL, JACK, CANDEE AND PENNY

MADISON COUNTY LAND SUBDIVISION ORDINANCE
NOTICE OF PUBLIC HEARING ON PROPOSED REVISION TO THE MADISON COUNTY RULES AND PROCEDURES GOVERNING PLATS, SUBDIVISIONS AND VACATIONS ADOPTED 1956

Notice is hereby given that the Land Use Committee of the Madison County Board, as established by the Madison County Board, will hold a Public Hearing on the 4th day of August 1976, at the time and place as noted below for the purpose of hearing testimony for and/or against the Proposed Revision to the Madison County Rules and Procedures covering Plats, Subdivisions and Vacations as previously adopted October 17, 1956, which proposed revision is titled The Land Subdivision Ordinance.

At 9:30 A.M. a Public Hearing will be held in the County Board Room, the basement of the Court House, Edwardsville, where all interested parties may express their views concerning the proposed Revision to the Madison County Rules and Procedures covering Plats, Subdivisions and Vacations as previously adopted October 17, 1956, which proposed revision is titled The Land Subdivision Ordinance.

Those parties who wish to examine a copy of the Proposed Revision which would replace current County Rules, 1956 Ordinance may do so during regular business hours at the County Clerk's Office of Madison County or the Office of the Madison County Maps and Plats Division where copies are available for public inspection.

Comment and analysis

July 19, 1976

Recycling paying dividends to individuals and the nation

Emphasis is being placed in the Quad-Cities on paper and aluminum recycling, and there is similar activity across the nation.

The old American motto of "waste not, want not" may have only lately been reborn in the nation's environmental consciousness, but recycling has been an important element in America's economic life since its founding.

Two signers of the Declaration of Independence were among our early metal recyclers, and Paul Revere was a noted silversmith and coppersmith who, like every metal-worker of his day, made extensive use of scrap materials.

Another little known fact of recycling history deals with the rate of a lead statue of King George III which once graced New York City's Bowling Green Park. In 1776, it was toppled by patriots, hacked into pieces, and shipped off to Litchfield, Conn., where it was melted down and cast into 42,088 bullets for the guns of American revolutionaries.

These and other historical tidbits are contained in a booklet, "The Recycler in America," issued by the National Association of Recycling Industries, which itself is nearly 63 years old.

The booklet traces the emergence of

America's scrap dealers and peddlers and their impact on the economy as colonial frugality gradually gave way to what some disparagingly refer to as the "throwaway philosophy."

But recycling is coming back into style, and on a more modern note the Aluminum Association reports that one out of every four all-aluminum cans was recycled in the first nine months of 1975. This was a total of 2.8 billion cans recovered during the first three quarters of that year, as compared with 1.2 billion during all of 1974.

Recyclers have received more than \$128 million so far this year for 124 million pounds of aluminum brought back to 1,300 recycling centers.

Much of this money was paid to community individuals and to such organizations as schools. More than \$45 million was paid to such groups and individuals since 1970.

Those 124 million pounds of aluminum recycled back into cans and other useful products represent not only a substantial saving in material resources but also in energy. Recycling an aluminum can requires only five per cent of the energy it took to make the original can in the first place.

Illinois House acts on disciplining members for misconduct

Press-Record Springfield Bureau—The Illinois House has adopted a series of rules governing the discipline of its members accused of misconduct.

The action by the legislators establishes a definite procedure for handling such situations, and it indicates that the lawmakers are conscious of the need to seriously pursue accusations of wrongdoing against their co-members.

The rules that have been adopted result directly from the recent allegations against House Democratic leader Gerald Shea of Chicago.

Shea, cleared of charges against him by the House, was accused of conflict of interest in introducing malpractice legislation while serving as counsel for the Illinois State Medical Society.

The charges, brought by Rep. Eugene Schickman, R-Arlington Heights, threw the House into a turmoil when first leveled in the form of a resolution. After initial indecision as to what course to follow, the House finally tabled the resolution.

It then established a six-member committee to investigate the allegations. That committee conducted secret sessions and then returned its recommendations to the full House exonerating Shea.

Under the new regulations, charges would have to be filed in a secret petition with the House Speaker. The public would not be told of the petition's contents unless the accused legislator objected to an investigation.

After the petition was filed, a secret investigation would be conducted by the six-

member committee, after which that group would make its findings known in a resolution if it found sufficient evidence to pursue the charges.

A public hearing then would be conducted before a special 12-member panel. This would report on its findings to the full House.

The House could find the accused member guilty or innocent. To be found guilty of misconduct would require a three-fifths vote of the House and not the present simple majority.

The theory is that charges could not be made lightly in the public eye and thus harm the career of a lawmaker. No disclosure of the accusations would be made unless the accused objected to the investigation and there was sufficient evidence to warrant further action.

We have some reservations about putting the entire matter in the hands of six fellow legislators who would sit on the investigating committee.

There could be a tendency for the members to soft-pedal some accusations, not wanting to discredit a co-lawmaker, or fearing that they themselves could easily be targets of charges in the delicate area of what constitutes conflict of interest.

We urge the Speaker to avoid any appearance of bias in appointing the members of the investigating committee. It must be as impartially done as possible.

The House effort to establish discipline procedure may be a step in the right direction. More such steps also should be considered.

Early turning point in U.S. political history is recalled

Guest comment by Jeffrey St. John—"If there are any among us," observed Thomas Jefferson in his first inaugural of March 1801, "who would dissolve this union or change its republican form, let them stand undisturbed as monuments to the safety with which error of opinion may be tolerated where reason is left free to combat it."

Behind this famous statement of the author of the Declaration of Independence lies an incredible tale of political intrigue and power lusting that almost lost for the American Republic its infant and fragile freedoms in the presidential election of 1800.

In fact, even to this year of the Bicentennial of the Declaration and the presidential election of 1976, the full story of how close this nation came to becoming a dictatorship is not generally known.

Fortunately, Frank van der Linden, a veteran Washington correspondent covering the White House and Congress, has brought together in this Bicentennial - presidential year the complete story of just how close our nation came to losing its liberties only 24 years after 1776.

In his just-published work, "The Turning Point: Jefferson's Battle for the Presidency" (Historical Research Foundation, Washington, D.C., \$10), Van der Linden provides fresh material, with meticulous research from original sources, and documents the details of the battle for the White House between Jefferson and Aaron Burr.

Alexander Hamilton (whom Burr would later slay in a duel in 1804) is given full and deserved credit by the author for saving the nation from the power-lusting designs of Burr.

Although he disliked Jefferson, Hamilton feared Burr more, comparing him to Roman dictator Catiline, and set out to prevent Burr's plotting to seize the presidency.

"Hamilton could have made himself a

millionaire," the author notes in his work, "by speculating in government securities while secretary of the Treasury, but he chose to offer a poor man. Burr thought him silly for not enriching himself in office."

"The Turning Point" is a vivid contrast and rebuttal to the recent work by Gore Vidal, "Burr," which has sought to redeem Burr's reputation and character.

Van der Linden quotes at length from Hamilton's letters written in his efforts to block Burr and, thus, insure Jefferson's election.

"No mortal can tell what his political principles are," Hamilton wrote of Burr: "He has talked all around the compass... if he has any theory 'tis that of simple despotism."

Until the end, Jefferson was narrowly elected president over Burr by one deciding vote cast by staunch Federalist Col. James A. Bayard of Delaware.

Col. Bayard's daughter, Margaret, figures prominently in "The Turning Point" as the author weaves in how she fell in love and after strong parental disapproval married a Republican newspaper editor, Samuel Harrison Smith, a staunch supporter of Jefferson.

Van der Linden provides the complete documented details of the political conflict that almost plunged the infant nation into a dictatorship, but he illustrates how the struggle between the Federalists and the Republicans in that crucial period touched the personal lives of two young people.

For the first time anywhere we are provided the love story between the daughter of the Federalist congressman who cast the deciding vote for Jefferson and a strong-willed Republican newspaper editor.

"The Turning Point" makes us mindful that while we almost lost our liberties only 24 years after Jefferson's Declaration, both liberty and love triumphed in the end.

Anti-drunk driver program—failing?

By ED ARMSTRONG

SPRINGFIELD — A number of editors and publishers from newspapers in Illinois have been meeting annually for nearly 20 years to talk about the ever present problem of traffic safety.

These sessions, known as the Illinois Editors' Traffic Safety Seminar and held under the aegis of the Chicago Motor Club, discuss various aspects of highway safety.

The topic at this year's meeting was "The Drunk Driver — Everybody's Problem."

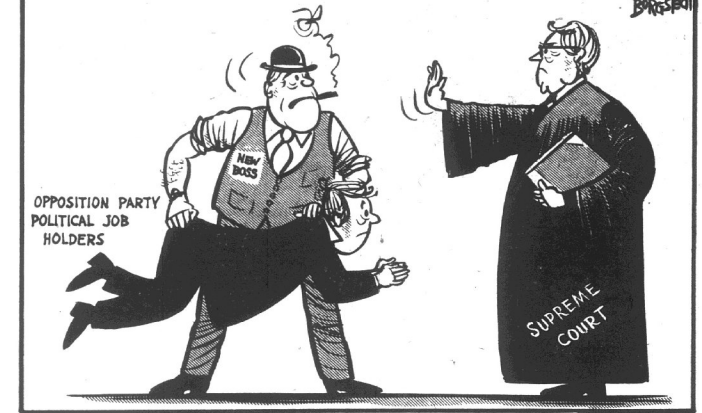

We heard about the problem. We heard about efforts to deal with it. And I, for one, came away feeling that society isn't winning the battle with those who drink and drive. At best it's a standoff, and it may be that society is losing.

The principal instrument for getting the drunks off the highway is the implied consent law. That's a law which says in effect that when a motorist gets a license entitling him to drive on the highways of the state, he is agreeing that he will consent to take a sobriety test if asked by a police officer to do so.

This type of law has been effective in many states in reducing the incidence of drunk driving.

Unfortunately, when the legislature under great pressure from citizen groups and the news media — finally passed an implied consent law, it also passed amendments and restrictions for police in the law that its effectiveness was nearly destroyed.

Some restrictions are reasonable. One is the requirement that before a motorist can be requested by a policeman to take a breathalyzer test, the motorist must have committed some traffic violation. Certainly, police

"Ya mean I can't throw the bums out no more?"

Copley News Service

shouldn't have the authority to stop a motorist and ask for a breath test without some good cause to believe the driver is intoxicated.

But the legislature wrote in other things such as extreme pressure from citizen groups and the news media — finally passed an implied consent law, it also passed amendments and restrictions for police in the law that its effectiveness was nearly destroyed.

Another principal reason for the ineffectiveness of the law is the lack of severity in the penalty for refusing to take a breath test. If a person is arrested and refuses the officer's request that he take a test, the maximum penalty for that refusal is a 90-day

suspension of his driver's license. And that's far from automatic. He can ask for a court hearing on that suspension and the state must prove there was probable cause for the officer's request — that the preponderance of the evidence is that the individual has been drinking.

Thus, if a driver is still sober enough to know that a breath test would possibly show he had more than 10 hundredths per cent alcohol in his blood, which would be strong evidence against him in a DWI case, he is likely to refuse to take the test. (The refusal rate has increased from 21 per cent prior to im-

posed consent to 44 per cent at present.)

If he doesn't take the test, he can probably beat the DWI rap in court. The worst he has to worry about is the 90-day license suspension for his refusal, and he may be able to get that nullified at a hearing.

If one is convicted of DWI, what are the maximum penalties? Up to a year in jail, a \$1,000 fine and automatic revocation of his driver's license for a year.

The usual penalty: A fine of \$100 or so and the license revocation. Some get their licenses back on a limited basis as hardship cases: need the car to get to and from work, for example.

AMERICA PAST, PRESENT, FUTURE Agriculture

Editor's Note: This is one of a series of articles celebrating the Bicentennial. Each one describes a separate aspect of American life, as it appeared 200 years ago, as it stands today and as it is likely to look in 2076, as envisioned by specialists in that particular field. This article deals with agriculture.

By ROBERT BETTS

"Agriculture is the most healthy, the most useful and the most noble employment of man," declared George Washington of the future.

A farmer himself, the Father of the Nation regarded agriculture as its founding profession.

When the Revolution began, wheatfields in New York state were yielding 25 to 30 bushels an acre, although poor fertilizing practices were to lead to lower yields later. The dairy industry was also a viable part of the American economy, with milk yields averaging around a gallon per cow per day.

More than 90 per cent of the population was engaged in farming. The work was tedious, time consuming and often back breaking. Seeding, cultivating and harvesting were mostly manual operations using crude tools.

More prosperous farmers used oxen or horses to plow and harrow, and to haul hay and grain from the fields.

A federal Department of Agriculture was proposed in 1789, when two resolutions recommending aid to agriculture were adopted by the Second Continental Congress. Until the 1830s, however, no official government farm agency — the U.S. Department of Agriculture — organized and given independent status to promote the nation's farming. In the same year the Land Grant College Act was passed and agriculture education was launched on a national basis.

Today American farm output is the envy of the world. Not only does the United States enjoy the lowest percentage of income spent for food of any nation, but the variety and availability is the best to be found anywhere.

Although the proportion of the U.S. population engaged in farming has declined to a present 5 per cent, agricultural production has continued to climb. The modern farmer, operating efficient mechanized equipment, is one of the most productive workers on earth. Statistically, one farm worker provides food for 56 other persons.

"Agricultural progress, in succeeding steps, has moved the North American farmer from a position of feeding his family, to feeding a town or region, to feeding a nation and now feeding a good part of the world," said Kenneth F. Thompson, president of Sperry New Holland, one of the world's leading manufacturers of farm machinery.

In this company's new engineering center, at New Holland, Pa., one of the richest agricultural land on earth, engineers and designers are conceiving the farming machinery of the future. Asked to look ahead to farm mechanization in the next century, Sperry experts give the following picture:

Computerized studies will determine the exact type and size of propulsion units best suited to an individual operation, and machinery will be customized to fit particular cropping needs and capacities. Farmers will not buy individual pieces of equipment, but entire systems that provide the appropriate degree of mechanization their operations require.

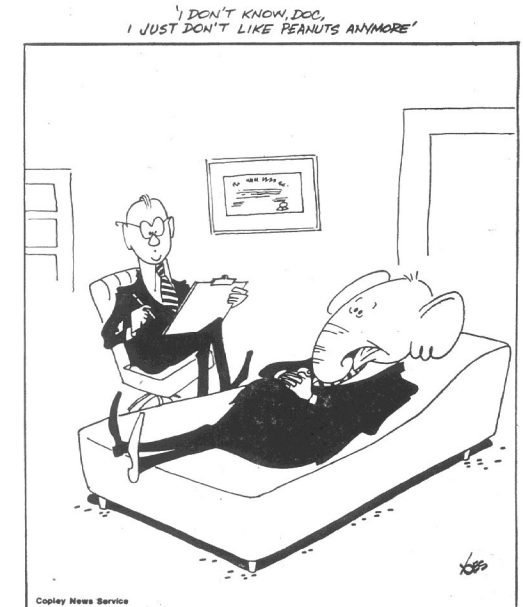

Computerized printed readouts will spell out in detail exactly when and how to perform field work for the entire coming season. The information will be updated electronically as the crop season progresses and as local temperature, rainfall and other data are fed into a centralized data bank.

Farm machinery never will totally replace man, but the initial preparation and placement of the seed. Farm fields will be unlike any of the past.

As far as the eye can see, the fields will be divided into uniform strips of soil bordered by narrow ribbons of hard-surface paved material on which equipment is operated. The alternating pattern of crop land and equipment traffic lanes will have been determined precisely as the farmer's "Computacrop" timetable. This will make for maximum use of energy in operating his equipment, and prevent waste of fuel by unnecessary drag during planting and harvesting. The lanes also will be designed to channel rainfall to the crops.

A network of subsurface irrigation and sensing wires will permit completely automated operation of equipment.

Electronic sensing devices will scan the density of crops in front of the combine and automatically compensate the machine's speed and operation. Many functions will be monitored on a control

Copley News Service

Thomas Karow to AMSTED post

Thomas R. Karow has been appointed to the post of assistant manager of public relations and advertising for AMSTED Industries, Chicago, it was announced by William B. Colwell, public relations and advertising director.

Karow had been serving as assistant editor of the Lake Geneva Regional News, Lake Geneva, Wisconsin, since February 1974. Prior to that, he was a reporter for the North Shore Herald, a chain of five weekly suburban Milwaukee newspapers. He is a 1973 University of Missouri journalism graduate.

AMSTED is a broadly diversified manufacturer with annual sales of about \$500,000,000. It operates 10 divisions with a total of 34 plants, has approximately 10,000 employees and serves such markets as the railroads, construction and building, and general delivery.

The organization includes American Steel Foundries of Granite City.

NURSE SCHOOL GRANT

The School of Nursing at Southern Illinois University at Edwardsville has been awarded a \$155,603 grant by the National Institute of Mental Health.

The purpose of the grant is to provide training for undergraduate psychiatric nursing students.

Hybrid research for all

SHA NA NA, a "nostalgia" group which presents a well-coordinated act of 1950s and '60s songs, skits and comedy, will appear Friday at the Mississippi River Festival.

THE SPINNERS, who have been entertaining audiences for nearly 20 years but have always stayed abreast of the latest music trends, will appear tomorrow evening at the Mississippi River Festival. Special guest at the concert will be Melba Moore.

Performances for every taste on festival 'menu'

A 1960's revival by Sha Na Na, two other rock shows, the continuation of the Chamber Music Series, an evening with the Spinners, and two Science Fiction classics mark the week of activities starting today at the Mississippi River Festival, held on the campus of Southern Illinois University at Edwardsville.

The Chamber Series, on Thursday, July 22, will feature work by Cesar Franck, Chopin, and Mozart. Franck's "Sonata in A major for Violin and Piano" will be performed by Darwyn Apple on violin and David Ferguson on piano.

Marion Laimpe will then perform Chopin's "Ballade No. 4 in F minor, Op. 52," and the evening will close with John Korman and Kent Perry on violin, Joan Korman and Robert Schieber on viola, and Joseph Pival on violoncello performing Mozart's "Quintet for Strings (G minor)."

The Chamber performance begins at 8:30 p.m. in Meridian Hall of the University Center on campus.

Grant for cancer research

Research that may someday aid in discovering new chemotherapy agents for cancer treatment will continue at Southern Illinois University at Edwardsville under a \$13,586 grant from the National Institute of General Medical Sciences.

According to Project Director Ralph L. Bain, chairman of the chemistry department at SIUE, preliminary work on this project was funded through the University's Graduate School and the Office of Research and Projects.

Professor Bain said he will be assisted in his research by Associate Professor Michael Matta and Assistant Professor Michael Landis. The project, "Equilibrium Studies with Platinum Amine Complexes," will involve the study of Platinum containing chemotherapy agents.

Chemotherapy is the treatment of disease by chemical agents that attack the organism causing the sickness without harming the patient. Bain said the SIUE researchers will study the effect these chemotherapy agents have on model macromolecules.

We hope to improve the initial testing criteria for chemotherapeutic agents," Professor Bain said. He added

that when they learn how these agents affect molecules, cancer research will be aided since researchers will understand more about how cancer medicines work.

If the research is successful, there may be better criteria available for producing chemotherapy agents. This can greatly aid in cancer research," he said.

On Saturday, July 24, the Ozark Mountain Daredevils will bring their varied patterns of rock to the Festival. The Daredevils, a group that started in Springfield, Mo., and has since moved to the forefront of national attention, has had such hits as "Jackie Blue" and "If You Want to Get to Heaven."

The group's third album, "The Car Over the Lake Album," is out this summer and has been critically praised. The Kansas City Star called the album "the group's best work to date" and added that the Daredevils' music "pulls you in deeper and deeper on every listening."

Meditation program at Y

A presentation entitled, "The Transcendental Meditation Program and the Creation of the Ideal Society," is planned at the Granite City YMCA at 8 p.m. Thursday.

The event, to be given by two local teachers of the Transcendental Meditation (TM) program, David and Janice Ripley, is part of a nationwide program sponsored by the World Plan Executive Council and the organizations which teach the TM technique.

The TM technique is a mental technique which scientific research has indicated produces greater mental clarity, better health, and improved social relationships, according to David Ripley who said, "The number of people who practice the TM technique in the Granite City area is nearing 1 per cent of the city's population. Cities with a similar percentage participating in the TM program have reported striking improvements in areas such as crime and accident rates."

Ripley cited a study of 34 U.S. cities which showed a reduction in crime rate of 7.8 per cent in the year that the 1 per cent figure was reached, while the control group reported an increase of 8.8 per cent.

Janice Ripley commented, "The people in Granite City practicing the TM technique for 20 minutes morning and evening have set a trend for a better quality of life. As the percentage of people practicing the TM technique grows, we will see the symptoms of an ideal society."

"Life in Granite City will become even richer and fuller, prosperity will increase, relationships will be more loving, accidents and crime will not be found, it will be a better time for everyone."

The discussion planned will be based on the scientific research that has been done on the TM technique, and will be followed by a question and answer period. Quad-Cityans may obtain more information at the Madison County TM center, 466-8432 or 465-1533.

BURGLARY AT SCHOOL

An undetermined quantity of bread, hot dogs and food and a 20-inch fan were stolen during a burglary at Washington School, 2600 W. 20th St., it was discovered at 7:50 a.m. Friday. Entry was gained by removing a screen in a cafeteria window and opening the window. A refrigerator was ransacked and a fire extinguisher was emptied in the boiler room.

United Way chairmen recruiting workers

Completion of recruitment of group leaders for the 1976 United Way campaign was reported by all division chairmen in a meeting last week with A. P. Steinhilber, acting executive director of the United Way, and Bill Terrell, 1976 campaign chairman.

Division chairmen reporting were: Bill Donovan of American Steel, industrial division; Don Van Horn of American National Bank, business division; Dave Brooks of East St. Louis and Interurban Water Co., commercial division; I. Drew Karandjoff of Granite City Trust, commercial II.

Eric Robertson of Robertson and Konzen law firm, professional division; George Moore, representing the civic division; Henry Ross, representing the construction division; Henry Gray of Granite City Steel, Madison-Venice division.

BREAK INTO HOUSE

It was discovered at 7:10 p.m. Thursday that two windows had been forced open to gain entry to the home of Gary Whitehead, 2436 E. 24th St., during the previous two days. Whitehead is to prepare a list of anything known missing.

Rev. Micek to mark 25th anniversary

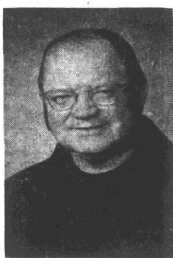

The Rev. Sylvester Micek, O.F.M., former pastor of St. Mary's Catholic Church, Madison, will celebrate his 25th anniversary as a priest at the 11 a.m. mass, Sunday, July 25.

A dinner and reception in his honor will be held at the Cranston Home, 10th Street and Alton Avenue, Madison at 1 p.m. Tickets costing \$3.50 for adults and \$1.75 for children under 10 years are available at the rectory.

Father Micek, a son of Mr. and Mrs. Barney L. Micek, was born on Jan. 25, 1925, in Columbus, Neb. He entered the minor seminary at St. Joseph's School, Westmont, Ill., where he studied from 1939 to 1944, and spent his novitiate in the Franciscan Novitiate in Teutopolis, Ill., from 1944 to 1945.

His philosophy years were at Our Lady of Angels in Cleveland, Ohio, from 1945 to 1948 and his theology years were at St. Joseph's Theological Seminary, Teutopolis from 1948 to 1952. A year of studies was spent at Quincy (Ill.) College from 1952 to 1953 where he received his B.S. Degree.

Father Micek was ordained to the priesthood on June 24, 1951, by Bishop William A. O'Connor of the Springfield, Ill., Roman Catholic Diocese. During his years as priest, Father Micek,

REV. SYLVESTER MICEK

has had appointments in Petrosky, Mich., and in Madison, where he stayed for 16 years. He was appointed to his current position as pastor of St. Boniface Church, Sioux City, Ia., in the summer of 1975.

Father Micek has three brothers, Frank and Jerry of Columbus, Neb. and two sisters, Mrs. Edward (Mary Ann) Donatelli of Des Moines, Ia. and Mrs. Ken (Alice) Hoff of Grand Island, Neb.

FASCINATION is reflected on the faces of two small girls who talk animatedly with a fairy princess, in reality Miss Illinois County Fair Elaine Marie Grossman, 19, of Ohio, Ill., at the Miss Madison County Fair Pageant Thursday night in Highland. The children are Michelle (9), left, and Robin (10), daughters of Mr. and

Mrs. Ken Thompson of Pontoon Beach, who lost their initial shyness and awe while talking with the gracious queen. Miss Grossman crowned Melanie Asadorian of Granite City as the first-ever Miss Madison County Fair at the pageant.

(Press Record Photos)

JULY BRIDE. Mrs. Monty Docter, formerly Miss Pamela Ann Peters, a daughter of Mr. and Mrs. Carl Peters, 3001 Fehling Road. She was married at Nameoki United Methodist Church.

Docter-Peters wedding at Nameoki Methodist

Miss Pamela Ann Peters, a daughter of Mr. and Mrs. Carl Peters, 3001 Fehling Road, and Monty Docter, a son of Mr. and Mrs. Ernest Docter, 612 Beverly, Collinsville, were united in marriage in an afternoon ceremony on July 10 at the Nameoki United Methodist Church.

Urn of mixed summer flowers in pastel shades adorned the altar, flanked by spiral candelabra holding burning tapers and festooned with strands of smilax, provided the setting for the double ring ceremony at 4 p.m., performed by the Rev. William Fester.

Escorted down the white carpeted aisle by her father, the bride wore a sleeveless floor-length gown of white chiffon over taffeta. The round scoop neckline was trimmed with a deep double collar, forming a cape sleeve effect, under which a ruffled-edged chapel train was attached.

The A-line skirt was fashioned with three double tiers of chiffon.

Her waistline veil was attached to the back of a picture hat of white hairband, covered with white chiffon and enhanced with a fabric rose.

She carried a cascade of Sonja roses, mixed daisies and summer flowers, intermingled with baby's breath.

Mrs. Janice Burk sang "At Dawning," "For All We Know" and The Lord's Prayer. Organ and violin selections played by Mrs. Marilyn Bernick and Mrs. Linda Beane, included "Meditation" and "Jesus, Joy of Man's Desiring."

Matron of honor was Mrs. Debbie Ricks, a cousin of the bride. The bridesmaids were Mrs. Kathy Docter, a sister-in-law of the groom, Miss Cindy Blumenstock, Miss Karen Gilbert, Miss Pat Welle and Miss Peggy Jaros.

They chose companion patterned floor-length gowns of chiffon over taffeta, featuring round scoop neckline edged with a double ruffled collar. The A-line skirts were enhanced with triple tiers of chiffon.

Mrs. Ricks was attired in apricot and the bridesmaids appeared in orchid, yellow, blue, pink and mint green. Each wore a large, wide-brimmed hat and carried a basket of

81 at Retired Persons picnic in Wilson Park

A covered dish picnic supper was served to 81 members and guests of Granite City Chapter of the American Association of Retired Persons (AARP), last week at Wilson Park.

Mrs. Vina Law, president, welcomed the guests, including Mary Regill and Eunice Harrod, who have recently moved here, and Mr. and Mrs. John Grogan of the Collinsville AARP Chapter.

Mrs. Ruby Corbett led the invocation and Charles Kelly, treasurer, gave a financial report covering the past two months. The latter also expressed appreciation to those present for cards and calls during his hospitalization.

Two buses of members and friends enjoyed a trip to the Black Madonna Shrine at Eureka, Mo., and Grant's Farm in St. Louis County, it was announced.

Several special events are planned for the remaining summer months and early fall, Mrs. Law said.

A party at the YMCA for all seniors citizens is arranged from 3:30 p.m. to 8:30 p.m. Wednesday at the YMCA, with no charge to be made for a buffet dinner and other activities. The event is being financed by the Southwestern Illinois Area Agency on Aging.

The AARP board will meet at 7 p.m. July 28, at the Senior Citizens Center, and regular meetings will start Sept. 15 at 7 p.m. at Coolidge Junior High School cafeteria.

The AARP Rhythm Band will perform at 11 a.m. Aug. 20 at Senior Citizens Day at the Illinois State Fair in Springfield. Many local residents are planning to attend the day-long activity.

A "Touch of Nature" trip to Little Grassy Lake, Carbondale, for members only, will take place Sept. 20 to Sept. 22 under sponsorship of the regional AARP, Mrs. Law said.

The trip costs \$27.50 and includes accommodation at camp for two nights, recreational activities and all meals. Cost of transportation to Carbondale is not included. Those interested are invited to call Helen Bertach, at 876-7813.

Also arranged in September is a group tour to the New England States. The 10-day trip, starting Sept. 26, will be made by bus. A few reservations still remain and a get-together is scheduled Sept. 13 for those involved. Further information may be obtained from Dorothy Bridick, at 876-8665.

A special recreation program for seniors will begin in September at the Tri-City Area YMCA, Mrs. Law reported. Further information will be announced at a later date.

The Quad-City Senior Citizens Council is planning a Halloween party on Oct. 15 for all area seniors, it was announced.

Singles' retreat at Grace Baptist

Grace Baptist Church, 2600 Edwards St., will host a "Koinonia" (sharing together) prayer retreat for Christian single adults who are widowed, divorced or have never married and are 25 years of age and over at the church, starting at 8 p.m. Friday.

A registration fee of \$1 will be asked. All Christian singles are invited to attend, according to the Rev. Jack Fritts, Grace Baptist pastor.

Part of an outreach effort of Christian Singles Again of the Madison County and Metro-East Baptist Association, the program will feature fellowship, games, refreshments and Bible study.

The Rev. Fritts and the Rev. Dee Spears of Cahokia will lead the studies, and a singing group will present musical selections.

Further information about the retreat may be obtained by calling 876-8813 or 877-6672.

HURT ON NAMEOKI
Vickie Vankirk, 17, of 2593 Stratford Lane, was admitted at St. Elizabeth Hospital at 12:15 a.m. Friday following an auto accident about one-half hour earlier on Nameoki Road at the entrance to the Bellemore Village Shopping Center. She struck her head and was unconscious for a period.

BPW ice cream social Aug. 1

The Legislation Committee of the Granite City Business and Professional Women's Club will sponsor an "Old Fashioned Ice Cream and Cake Social" on Sunday, Aug. 1 from 2:30 p.m. to 7:30 p.m. at the Lionel Portell residence, 2840 Michigan Ave.

Mrs. Portell, legislation chairman, said the event is open to the public. Donation will be \$1 per person.

Tickets may be purchased in advance from BPW members, or by calling Mrs. Portell, at 876-4456, or Mrs. Elvira Thurber, at 876-3618, or at the door Aug. 1.

Gifts will be presented to guests, the organizers reported.

Bridal shower for Miss Ledbetter

Miss Elizabeth Ann Ledbetter was guest of honor at a bridal shower given in the Undercroft of St. Bartholomew Episcopal Church. The event was hosted by Miss Deby Baker and Mrs. B. Edward Bodnam, assisted by her daughter, Elizabeth Ann.

Miss Baker, maid of honor, and Miss Bodnam, Miss Ledbetter's flower girl, assisted the bride-to-be in opening her gifts.

Decorations were in rainbow hues, the colors chosen by the bride for her wedding. Large bells and streamers were suspended from the ceiling and smaller bells were attached to the gift table. Guests were seated at tables holding centerpieces of gladiolas and mums arranged in a silver reverse bowl.

The candle-lit serving table held a large cake, featuring small figures depicting the bride, groom, maid of honor, flower girl and bridesmaids in their appropriate colors, and the wedding date. Assisting the hostesses at the tea table were

Mrs. Chester Baker and Miss Karlene Powell, one of the bridesmaids.

Each guest was introduced and asked to tell of her acquaintance with the bride-to-be. Several spanned a three-generation friendship with the bride, her parents and grandparents. Each guest provided favorite recipes, which were compiled into a recipe book and presented to the bride-elect by Beth Ann Bodnam.

Games were played and prizes were awarded to Mesdames John McCabe Moore of O'Fallon, Troy Powell, Lance Callis, Roy Baugh and Irvin O. Nicol, mother of the groom-elect.

Others present were Misses Dina Lombardi, Mary Beth Pennell, Melissa Pennell and Karlene Powell; Mesdames David Maxton, James Loy, Robert Lombardi, Chester Baker, Louis Van, Elmer Ebrecht, Richard Branding, Ronald Pennell, Robert

MICHAEL MOTILS NAME DAUGHTER MICHELE
Mr. and Mrs. Michael Motil III, 2540 State St., are announcing the birth of a daughter on Wednesday, July 14, at St. Mary's Hospital, Richmond Heights, Mo.

The new arrival has been named Michele Renee and weighed seven pounds, 11 ounces.

The mother is formerly Beverly Francis, a daughter of Mr. and Mrs. Richard Francis, 2529 Edison Ave. Paternal grandparents, Mr. and Mrs. Mike Motil Jr., reside at 2648 Lincoln Ave.

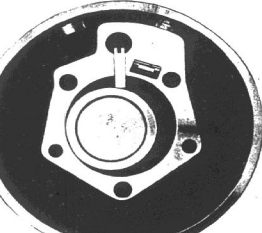

Karandjeff, James Fox, Harold T. Fisk, James Holland, Walter Harris, Joseph Chepey and William Ledbetter, mother of the bride-to-be.

Miss Ledbetter will become the bride of Kevin G. Nicol in August at First United Presbyterian Church.

SAVE ENERGY! SAVE MONEY!
